Action of Pennsylvania Trainmen and Conductors in Crisis Depends on Pittsburg Men.

ALL PEACE OVERTURES UP TO COMPANY

Meeting of Directors Upholds Action of Officials and Resolves to Stand Firm by It.

Philadelphia, July 15.—Following the conference of the railroad men, the declaration was made that a strike call would be issued tonight if word was received from Pittsburg that the railroad officials of the lines west denied the demands made upon them.

From unofficial sources it was learned this afternoon that in view of a possible strike all policemen of Philadelphia who are on vacations have been ordered to return as soon as possible.

V. Katts, chairman of the trainmen's board of adjustment, said this afternoon that the men will absolutely make no further overtures to the company and will not attempt to re-open negotiations and unless the company comes to them there will surely be a strike.

President Lee, of the Brotherhood of Trainmen said: "We are waiting now to hear from Pittsburg. The whole question hinges upon the answer which General Manager Peck, of the lines west of Pittsburg makes at the conference to be held there this afternoon."

PITTSBURG MEN MEET PECK.

Go Into Conference With General Manager of Lines West.

Pittsburg, Pa., July 15.—Shortly after noon the representatives of the Order of Railway Conductors and the Brotherhood of Railway Trainmen went into conference at the union station with General Manager Peck, of the Pennsylvania lines west. They discussed matters behind locked doors and were ignorant, it is believed, of the late afternoon news from Philadelphia that the question of calling a strike at once on the east hinged upon the action here.

DIRECTORS STAND FIRM.

Philadelphia, July 15.—At a special meeting the directors of the Pennsylvania Railroad company adopted a resolution fully approving the course of its officers in resisting the demands of its employes.

The resolution follows:

"Resolved, That the board does hereby approve of the position taken by its executive officers in relation to a demand for a further wage increase for certain classes of its employes and is of the opinion that such position should be firmly maintained."

A committee of the employes is now in session considering the strike question.

Crisis Is Reached.

With the management of the railroad and the leaders of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors standing firm the wage dispute has now reached an acute stage. Negotiations were broken off yesterday between the company and representatives of the trainmen and conductors employed on lines east of Pittsburg, Buffalo and Erie when, after two conferences between General Manager Meyers, of the company, and the labor leaders, a settlement was not reached.

Following the conferences the committee representing the men empowered a sub-committee of six, headed by A. B. Garretson, president of the Order of Railway Conductors, and W. G. Lee, president of the Brotherhood of Railway Trainmen, to call a strike whenever they deemed it necessary.

Garretson Says It's All Off.

Mr. Garretson, discussing the situation, said:

"It's all off. Nothing will come from us in the form of overtures. We are ready to go out and can stand it if the company can. There will be no compromise on our position. We get what we ask for or we don't get it; that's all there is to it."

The labor men declare they do not propose to invoke arbitration, as provided by the Erdman act, but it is said in some quarters that the railroad in order to prevent a tie-up of the system may take advantage of the Erdman act and appeal to the federal authorities to intervene in the settlement of the dispute.

The trainmen and conductors demand that they be paid for ten hours work the rate they are now receiving for eleven hours. They also demand better working conditions.

AWAIT PECK'S STATEMENT.

Pittsburg, Pa., July 15.—Following last night's announcement that the men on the Pennsylvania railroad lines west of Pittsburg have, like their eastern brothers, voted to strike, if necessary, the interest in the general situation, involving nearly 25,000 men, rests upon that question of "necessity." The fifty committeemen and officers of three principal grand lodges of railroad men—conductors, trainmen and firemen and enginemen—who are handling the western situation, arranged today for another conference with General Manager G. L. Peck. To him was submitted yesterday the statement that a majority of the western men favored a strike, if necessary, and from him was expected today some statement of the company's position. The western headquarters of the men here is continually in close touch with the Philadelphia conference of the eastern men and it is said whatever action is taken in one camp is certain to influence the other. In Pittsburg optimistic views of the situation are still current.

INDIANA BOARD OF PHARMACY WILL GET BUSY

Steps Taken to Regulate Sale of Narcotics and Intoxicants.

Indianapolis, Ind., July 15.—Decisive steps have been taken by the state board of pharmacy to put a stop to the somewhat extensive violations among the druggists of the state of the law regulating the sale of narcotic drugs and intoxicating liquors without a prescription from reputable physicians.

A committee, whose membership represents the state board, the Indiana Pharmaceutical association and the Pharmaceutical college of the state, has been named to draft a bill giving the state board power over the licenses of the pharmacists of the state similar to that held by the state board of medical examination and registration over the licenses of physicians.

The membership of the committee has not been announced. The committee will draft its proposed measure and lay it before Governor Marshall before having it introduced in the general assembly.

TAKES CASE FROM JURY.

Judge Puts an End to Chicago Graft Prosecution.

Chicago, July 15.—M. H. McGovern, the contractor who was indicted on charges of defrauding the city in the "Shale rock" scandal, was cleared today when Judge Barnes refused to allow his case to go to the jury. Judge Barnes has already taken the cases of Paul Redieske, former deputy commissioner of public works, and John Ericson, city engineer, who were indicted on the same charges, from the jury.

The state announced that it would non-suit the case against Ralph A. Bonnell, former assistant engineer, but the defense objected to it and Judge Barnes instructed the jury to find Bonnell not guilty.

ELKS HOME FROM DETROIT.

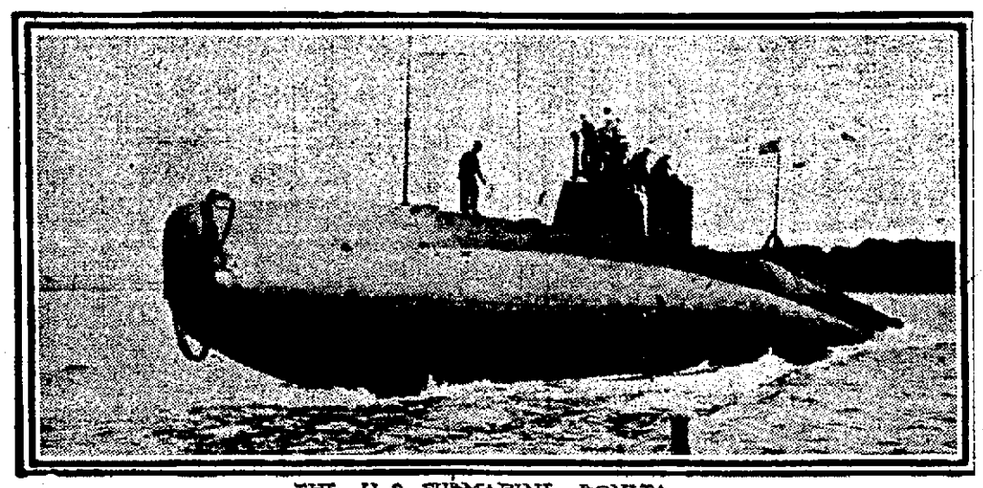
Fort Wayne Members Returned to City This Morning.

The Fort Wayne delegation to the national convention of Elks at Detroit arrived home this morning on its return from the big gathering. Their train was somewhat late, but members declare the trip was a great one. The Fort Wayne lodge had about one hundred members in line in the big parade yesterday.

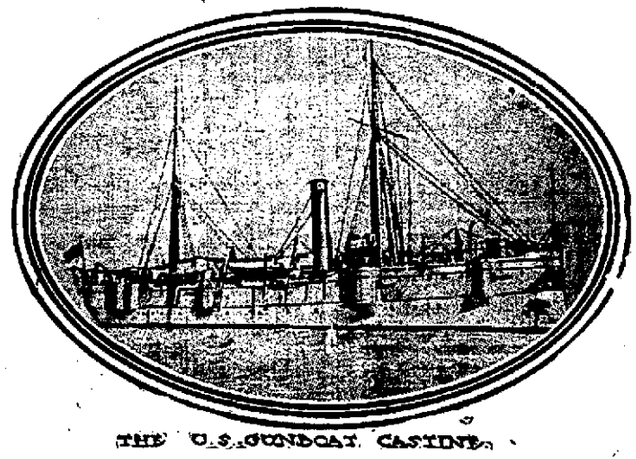
BIG PHOTO CONVENTION.

Several local photographers—E. E. Perrey, C. W. Miner and G. J. Parrot—have been in Milwaukee for the past several days attending the national photographers' convention. The local men say the gathering was a great and creditable one, and furthermore, that Milwaukee, as an entertaining city, is hard to surpass. Mr. Perrey is already home and the others will return shortly.

GUNBOAT CASTINE AND THE SUBMARINE BONITA BY WHICH SHE WAS DAMAGED.



THE U. S. SUBMARINE BONITA.



THE U. S. GUNBOAT CASTINE.

Provincetown, Mass., July 15.—The gunboat Castine, in a submarine boat attack drill, was damaged by the submarine Bonita, her plates pounded in, and was forced to make all speed to shore to prevent her from sinking in deep water. She was beached off North Truro, just as her boiler and dynamo compartment was flooded, extinguishing her fires.

The submarine boat, which was leading the attack on the Castine, had made a deep dive. Through a misjudgment of distance the boat, while going at full speed under water, crashed into the bottom of the Castine, glancing down and passing completely under the gunboat, scraping her length along the keel of the Castine.

By almost a miracle the submarine was uninjured. One of the plates of her armor forward was dented, but not enough to start a leak, and some of the guard rails on deck were carried away. She came to the surface immediately after passing under the Castine and stood by while the Castine raced for shore.

OFFICERS PROBE DEATH OF A BOY

Coroner, Sheriff and Prosecutor Investigate Case Near Grabill.

LAD WAS FOUND DEAD IN HIS BED

Some Shocking Rumors Are Afloat—Officers Give Out Nothing.

Coroner Kesler, Sheriff Reichelderfer, Prosecutor Albert E. Thomas and his deputy, Harry H. Hilgeman, with Dr. J. B. McEvoy, were summoned to Cedar Creek township today to make an investigation into the death of Charles Coast, an orphan lad of 12 years, who made his home with Moses Richer, a farmer residing a short distance south of Grabill.

The lad is said to have died at 10 o'clock Thursday evening as the result of injuries sustained when he was trampled by a cow in the barnyard earlier in the evening. The coroner, the sheriff and the prosecutor went to Grabill early this morning, and later they were joined by Attorney Hilgeman and Dr. McEvoy.

Efforts to learn by telephone some of the circumstances of the case have met with little success. Rumors of shocking atrocities in connection with the lad's death have gained circulation, but the officers in charge of the case are conducting their inquiry behind closed doors, and will give out no details of the investigation until the work is completed, and an authentic statement of the facts in the case cannot be obtained at this time.

The Coast lad is said to have come to this state from an orphans home in Ohio some months ago.

BANDITS RAID WORK CAMP.

One Man Killed, Two Wounded in Battle Near Cleveland.

Cleveland, Ohio, July 15.—One man is dead and two others are wounded as the result of the raid by bandits on a Lake Shore construction camp near Olmstead Falls late last night. Charles Brunn, aged 30, who was shot through the abdomen, died today. The injured men are James Counterwane, shot through the body, and Thomas Zurach, shot in the head. It is believed they will recover.

Shortly before midnight five negroes appeared at one of the shanties used as sleeping quarters, awakening the laborers and demanded their pay, which they received yesterday.

The first man handed over $33, the sole booty of the raiders. Three other men answered they had no money and others opened fire.

There was a rush from the shacks. Many of the workmen had revolvers, but as the bandits ran as soon as they fired upon their victims they were out of sight before the men in camp had an opportunity to return the fire. Lake Shore detectives believe the five negroes are the same men with whom Detective H. B. Driedenbach had a pistol fight near Shawville yesterday afternoon.

WILL PARDON THE PREACHER.

Dominie Who Made Dollar Molds Gets His Liberty.

Washington, D. C., July 15.—President Taft has granted a pardon to take effect on July 17, the date his term would expire, to Rev. James R. Kaye, who is now serving a term of six months in the Peoria house of correction for making molds in the similitude of silver coin.

Kaye had filled pulpits in Presbyterian churches at Lincoln and Wheaton, Ill., and while at the former place, to increase his Sunday school attendance, he conceived the idea of offering medals to the children. In experimenting with a view to making the medals he made plaster molds using coin as a model. It was claimed in Kaye's behalf that there was no fraudulent intent involved and the president in order to re-establish citizenship, granted him a pardon.

WILL DROP PITTMAN CASE.

Washington, D. C., July 15.—Unless further neglect and mistreatment is shown by the Madriz government toward William Pittman, the American engineer of war, the state department will leave his case in the hands of United States Consul Olivares in Managua. The state department claims to be entirely ignorant of the reported intentions of two Madriz commissioners to visit Washington on a peace mission.

Joseph Singmaster, a city park commissioner, is said to be slightly better. He has been at a hospital for several weeks.

HELD WITHOUT BAIL ON CHARGE OF MURDER

Frank Stinati Admits Killing Lehr, But Pleads Self Defense.

(Special to The Sentinel.)

Kendallville, Ind., July 15.—Admitting that he had fired the shot which killed Al Lehr in this city Wednesday night, but declaring that he had acted in self-defense, Frank Stinato is locked up in the county jail at Albion on a charge of first-degree murder. Two other members of the crew of Italian railroad laborers, Guiseppe Aloitti and Guiseppe Roborna, with Mr. and Mrs. James Dolan, are held as witnesses and in default of bond in the sum of $500 each they are also in jail.

Sheriff P. J. Stanley reached the city at 4 o'clock yesterday afternoon with the three Italians, who had been taken into custody at Brimfield and the preliminary hearing in the case was held before Mayor Forrest E. Fields last evening. There is considerable discrepancy in the stories of the quartet under detention, but Stinato finally admitted that he had shot Lehr, contending that Lehr first opened fire on him and that he acted in self-defense.

Trouble Was Feared.

During the progress of the preliminary hearing the city building was surrounded by a big crowd of people and much excitement prevailed. There were fears in some quarters that summary vengeance might be meted out to the Italian. Muttered threats were heard in the crowd, but there was no organized effort to take the law out of the hands of the officers, and the hearing passed off quietly under the tremendous tension of public feeling. The prisoner and the four held as witnesses were hurried away in automobiles to the county jail at Albion immediately at the close of the hearing, at which Prosecuting Attorney W. D. Carver appeared for the state and Attorney F. L. Bodenhafer, of this city, had been retained to represent the accused man. It is expected that friends of the two Italians held as witnesses will supply the $500 bond necessary to secure their release.

Victim's Mother Prostrated.

One especially pathetic feature of the preliminary hearing was the appearance as a witness of Mrs. Lewis Nidy, 67 years old, mother of the murdered man, whose body had at that time been taken to her home. Mrs. Nidy was almost completely prostrated by the shock of her son's death, and gave her testimony with extreme difficulty, breaking down a number of times while on the witness stand.

The railroad camp at which a large number of Italians had been employed is now broken up, more than fifty of the foreigners having left last night for Chicago. They quit their jobs in a body following the discharge of five of their number.

A great crowd of natives and foreigners lined the shore and adjacent streets when the guests and the welcoming party disembarked. Secretary Dickinson was greeted cordially and as he was driven to the American consulate he was kept busy bowing acknowledgments.

HEARD DEATH CRY OF THE ACTRESS

Neighbor of the Victim of London Crime Tells of Woman's Screams.

ALL CLEWS TO DR. CRIPPEN FALSE

Believed to Be Either in America or in London's Outskirts.

London, July 15.—The first story of what may have been the actual committal of the crime was told today by a neighbor of Dr. Hawley H. Crippen in the cellar of whose home was unearthed the body believed by the police to be that of the physician's wife, who was known on the stage as Belle Elmore.

Since the discovery of the body and the disappearance of Dr. Crippen and his typist, Miss Ethel Clara Leneve, the Scotland Yard detectives have inquired diligently among those living in the vicinity of the Crippen home in Hill Drop Crescent, North London, for some information that would throw light upon the domestic habits and relations of the American doctor and his actress wife.

Heard Screams in Cellar.

Nothing helpful was learned until today when the proprietress of a small shop at the rear of the Crippens' residence told of hearing a woman's screams and pleas for mercy arising seemingly from the cellar in which the burned and mutilated corpse was later found.

Mrs. Crippen disappeared in February last. It was four or five months ago when the screams were heard, the woman said. Her shop overlooks a little garden back of the Crippen home. To the police the shopkeeper said:

"I have often heard revolver practice in the garden. One night about four or five months ago, I cannot place the time more exactly, I was awakened by a woman's cries. It was midnight. The screams appeared to come from Dr. Crippen's house.

Woman Pleading for Mercy.

"I listened and heard a woman's voice pleading, 'Don't, Oh, don't.'

"To me it seemed the cries were from a woman in the basement of the house occupied by Dr. and Mrs. Crippen. As nothing developed further I soon forgot the occurrence and did not recall it until yesterday when I learned of the tragic discovery."

The Music Hall Artists' Guild issued an official statement today declaring that all of the books and accounts of Mrs. Crippen, who was treasurer of the guild, were found to be in perfect order and that none of the funds of the organization were missing.

Clews Prove False.

Rumors of the whereabouts of Crippen and the Leneve woman from many sources reached the Scotland Yards officials during the day, but received little credence.

This evening Supt. Frocst made the following formal declaration: "All clews concerning Crippen and Miss Leneve received thus far have proved to be false. In my opinion Crippen either has gone to America or is in hiding in the suburbs of London."

The physicians who are examining the dismembered body were unable to complete their work and accordingly the inquest, which was to have been held tomorrow, was postponed until Monday. The police seemed to be satisfied that it was Crippen's wife who found a grave in the cellar of his home. So far as known the identity of the victim has not been established to the satisfaction of the law.

HE FLAGGED TRAIN AS IT RAN AT 70 MILES HOUR

Important Testimony Given in Middletown Wreck Investigation.

Cincinnati, July 15.—A special to the Times-Star today from Middletown, O., says:

New and important testimony was given by witnesses before the state railroad commission which is investigating the wreck of the Big Four passenger on the C., H. & D. tracks here July 4 in which twenty-three lives were lost.

C. E. Smith, rear brakeman on the freight train known as extra 16, which was on the south siding at Middletown, testified that he noticed smoke on the main line seemingly at about Poast Town and that he ran back five telegraph poles with a flag.

He said he flagged the passenger train and the engineer answered his signal. He declares he stayed on the track waving the danger signal until the passenger train was almost upon him, when he jumped aside. He swore the train was running fully seventy miles an hour when it passed him.

Dispatcher Albert Smith, of Dayton, who was discharged by the C., H. & D. railroad, admitted to the commission that he had violated rules in not issuing the "bust" to the superior train, the passenger, before giving it to the freight train. He said that he did that on the supposition that the freight was then safely on the siding

New York, July 15.—Theodore Roosevelt arrived in New York from Oyster Bay by automobile this morning. When he reached his editorial offices he found the waiting room filled with visitors to see him, eight of whom had come from Tennessee. They were headed by Congressman R. W. The slab was inclosed in a leather case on which was inscribed in gilt letters, "Citizen Theodore Roosevelt, greetings."

It was originally the intention of the Tennesseans to present the marble slab to Colonel Roosevelt at the time of his return from Africa, but as there was no opportunity then they made a special trip to New York.

ADVANCE OF RATES ON BEEF WILL STAND

Commerce Board Will Not Disturb Them on Cattle and Dressed Beef.

Washington, July 15.—The interstate commerce commission announced that the recently filed tariffs making advances in the freight rates on cattle and dressed beef between Chicago and New York had not been suspended.

The matter arose through an inquiry from an important New York business house as to the proposed rates. The new tariff fixes the rates on cattle 33 cents a hundred pounds and on dressed beef at 50c a hundred, between Chicago and New York. The present rates are 28c on cattle and 45c on dressed beef. The proposed increases will become effective on Aug. 1.

In response to the inquiry, the commission wired the New York firm as follows:

"Tariff on cattle and dressed beef between Chicago and New York fixing rates of 33 and 50 cents respectively, from and after Aug. 1, 1910, has not been suspended."

This was one of the advances which George W. Perkins, of the banking house of J. Pierpont Morgan & Co., discussed with the Chicago shippers with a view of obtaining their consent to its becoming effective. What the result of Mr. Perkins negotiations were was not disclosed definitely at the time.

PLEA FOR MERCY FAILS.

Washington, D. C., July 15.—Assistant Paymaster Lawrence D. Haughey, of Indiana, attached to the Castine of the Atlantic torpedo fleet, was yesterday dismissed from the navy on a charge of embezzlement. During the absence of Haughey from the ship on account of illness the safe on board the Castine was opened and $3,500 was found to be missing. Haughey was ordered court-martialed and found guilty of culpable inefficiency, but not guilty of embezzlement.

A recommendation was made that he be reduced ten numbers.

The attorney subsequently rendered an opinion that, in view of the affirmative finding of the court, Haughey was technically guilty of embezzlement. The case was returned to the court and the finding entered, together with a recommendation for mercy. Subsequent investigation by Acting Secretary Winthrop led to the dismissal. Haughey on the day of his trial, made good the money which had been taken.

HACKMAN OPENED UP EARLY ON HIS SPOUSE

Beat Her Four. Monhts After Marriage—The Court News.

Florence Hackman's divorce complaint filed in the superior court today indicates that her husband, William F. Hackman, opened up his course of cruel treatment a short time after their wedding, as she declares that he gave her a good beating within four months of their wedding, which occurred March 20, 1909. She also says he choked her and said that he could fix things all up with his "38," which she interpreted as meaning that he would kill her with his revolver.

She charges that she took in washing and bought herself clothing and that he accused her of having obtained them wrongfully. She says he tore the clothes up and that he has a bad disposition. She is afraid he will do her bodily harm and secured a restraining order to keep him from molesting her. Judge R. B. Dreibelbiss filed the suit.

Of the Same Brand.

Ruth Higgs filed a divorce complaint against George A. Higgs in which she stamps him as a husband of the same brand as Hackman. She charges that he is subject to fits of violent temper in which he scolds, abuses and strikes her and that last November he struck and knocked her down.

At another time, she says, he threw her over a sofa and she was lame for several days as a result, that he attempted to strike her with a chair and that she had been compelled to work most of the time and provide her own clothing. Dan B. Ninde is her attorney.

Divides Large Estate.

Under the will of the late James M. Kane, probated in the circuit court, disposition is made of property which includes the Kane business building, on Calhoun street, the stock and good will of the store, the Kane block on West Main street and his residence on West Berry street. No inventory has been filed, but the estate is a rich one. To his son, Daniel W. Kane, he left the retail business at No. 614 Calhoun street, subject to the payment of $500 each to Mrs. Ella Skelley and Mary Kane. Mrs. Ella Skelley, Charles E. Kane, Daniel W. Kane and Alfred L. Kane are given a fifth interest each in the estate. Mary Kane, sister of the deceased, is left a fifth interest in the estate during her life and at her death her share diverts to Mr. Kane's grandchildren, John K., James R., Willard J. and Mary V. Skelley. Daniel W. Kane and Dr. Alfred L. Kane are named as executors.

FREE BOOKS FOR MOTHERS

Send for Them and Learn More About the Treatment That This Michigan Woman Recommends.

As a woman's health is dependent upon the condition of the blood, every mother, who fails to regain her strength after childbirth, should hasten her return to health and save herself from years of unnecessary suffering, by giving Dr. Williams' Pink Pills a thorough trial. The pure, new blood, which the pills make, strengthens the weakened system until health is restored.

Mrs. Emerson Fisher, whose address is Box 7, R. F. D. No. 1, Ashley, Mich., owes her health to a thorough trial of Dr. Williams' Pink Pills. She says:

"After the birth of my second child I was completely run down and my blood was weak and impure. For over a year I suffered from weakness. My feet felt as though needles were pricking them and I couldn't stand up long enough to wash my dishes but would have to sit down. When I sat down I could not draw my feet under me without supporting myself on the chair. I could not lie down in bed without being dizzy and sick to my stomach. I had no appetite, was very nervous and my neighbors did not think I would live the summer through.

"For six months I doctored with the leading physicians of this county and did not get any better, but grew worse if anything. They did not seem to understand my case and the last doctor I had told me he could not help me. It was some time after this that I read of Dr. Williams' Pink Pills and began to take them. They helped me from the start, I felt and looked much better and in a little over a month I was as well as ever. I heartily recommend the pills to every suffering woman."

Most of the diseases from which women suffer are directly caused by a lack of blood. Dr. Williams' Pink Pills, therefore, have been found unequalled in the treatment of anæmia, green sickness, delayed development, leucorrhœa and all irregularities arising from impure or watery blood and weak nerves.

Every mother should have our booklets, "Plain Talks to Women" and "Care of the Baby," which will be sent free upon postal card request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

NEWS OF FORT WAYNE'S NEIGHBORS

HE SAW HIS FIRST GAME 40 YEARS AGO

Chicago White Sox Played Fort Wayne League Club in Fort Wayne.

Huntington, Ind., July 15.—Forty years ago yesterday Wilson Bell married Miss Cornelia A. Dickerson at New Haven. They came to Huntington that afternoon and occupied a furnished home on Webster street, Mr. Bell having been employed by the late Col. C. E. Briant in the mill. The Bells have lived in Huntington all but five years of the time since, they having spent the five on the old Bell farm east of Fort Wayne. Returning here in 1884, they have never since desired to leave Huntington and here have reared their family and enjoyed their surroundings.

Yesterday at noon "Uncle" Wilson raised a flag at his home in honor of the anniversary. For years he was dean of the city mail carriers' force, but in recent years has been assistant stamp clerk at the postoffice. Mr. Bell recalled Wednesday that forty years ago that day he witnessed his first game of league ball, the Chicago White Sox having played an old Fort Wayne league team in Fort Wayne.

REMONSTRATORS PAY COSTS.

Sheriff Collecting $151 at Roanoke as Costs of Saloon Fight.

Roanoke, Ind., July 15.—Sheriff McCarty, of Huntington, was here yesterday collecting $151 court costs in the case against James Rose, who wanted to operate a saloon in Roanoke several years ago. The cost of the suit falls upon the remonstrators who signed the remonstrance to keep Rose from operating a saloon in the town.

Rose applied for a license to sell liquor in Roanoke several years ago. A large number of remonstrators fought the application. The county commissioners refused a license and Rose took an appeal to the circuit court. A change of venue was asked and the case was sent to Wells county. There the trial ended in another refusal of the license but Rose appealed the case to the supreme court. The supreme court decided in his favor, ordering a new trial in the Bluffton court. Before the new trial could be had, however, the county voted itself dry through the local option election. Rose did not ask for a new trial and the case ending in the supreme court in his favor throws all costs back on the remonstrators.

There are 262 names on the remonstrance and each one is responsible individually for the costs in case.

ASKS $2,500 DAMAGES.

Suit Grows Out of Fight Between Huntington Men.

Huntington, Ind., July 15.—Lewis Noble seeks redress through the circuit court for wrongs which he believes were inflicted upon him by John Pfister. Noble filed his suit for $2,500 damages in the circuit court yesterday and states that September 10, 1909, Pfister pounded his face and hurt him so badly that he has suffered great physical and mental anguish, has expended money for doctor bills, has been humiliated, is nervous from the shock and can not perform labor as the result of the pounding he received. Pfister and Noble engaged in a fight and it is said Pfister was the second man to strike but he got in better licks than his assailant and consequently came out the better man.

RECEIVED PRIZE MONEY.

Montpelier, Ind., July 15.—The Montpelier Fire department this morning received a belated prize from the firemen's convention held at Fort Wayne some time ago. The prize was of $5 for being one of the largest uniformed companies in the parade. The prize originally offered was for $15, but as the judges were unable to pick the company deserving this, the amount was equally divided between three companies.

TAKEN TO ASYLUM.

Angola, Ind., July 15.—Sheriff Parsell and Mrs. H. Snowberger, of Ashley, left yesterday for Logansport, having in charge Mrs. Louisa Gher, of Ashley, a woman of unsound mind, for admission to the asylum for the insane at Longcliffe.

MAYOR OF GARRETT RECOVERING HEALTH

Has Been a Patient at Hope Hospital in Fort Wayne for the Last Four Weeks.

Garrett, Ind., July 15.—Mayor Fredericks, of Garrett, who has been a patient at the Hope hospital in Fort Wayne for the last four weeks and whose condition at the time he was taken there was extremely critical, is now getting along very nicely and on the rapid road to recovery. This The Sentinel representative learned during a call on Mr. Fredericks at the hospital today. He is now able to walk out and expects to be able to return to Garrett in time to attend the next council meeting.

During all the time he has been at the hospital his wife has been with him, having taken rooms near to the institution and spending the day at the hospital with her husband. He will remain there until he thoroughly recovers, making occasional trips to Garrett to attend to his business and official duties. While there he has kept in close touch with municipal affairs at Garrett.

LEFT ALL TO HIS WIFE.

Grant County Man Who Eloped With Sixteen-Year-Old Girl.

Marion, Ind., July 15.—Nothing has yet been heard concerning the whereabouts of Elmer S. Jones, the merchant of Landesville, who ran away with Miss Addie Lafferty, the sixteen-year-old daughter of Mrs. James Dickey. The latter has not heard anything either concerning her daughter. The two left together last Saturday night.

It has just been learned that before leaving Jones gave all his property to his wife. The written instrument was put on file in the recorder's office here. It is a bill of sale conveying to Ada P. Jones, for the consideration of $1, the lot in which the store is situated, the stock of goods and all personal property was placed on the records. The bill of sale also gives to the deserted woman all outstanding accounts and in the language of the document "every article of which I am now possessed. I so transfer and deliver to her for the support of herself and our four children, Benton, Gus, Elmer and Paul." The deed and bill were acknowledged by Attorney W. H. Wiley, of this city, on December 4, 1909.

THE FIGHT PICTURES.

Bluffton Man Wants Exclusive Right in Indiana.

Bluffton, Ind., July 15.—Ed Foust, proprietor of the Star theater, will make an effort to secure the exclusive right for showing the Jeffries-Johnson fight pictures in the state of Indiana and he has already placed a bid with the moving picture men, who purchased the pictures. If the price offered by Foust is better than they receive from any other theater men over the state he will be notified within the next few days. The reels will not be put out for a few weeks yet and after showing the pictures in Bluffton Foust will take them to the different cities in the state if he is successful in securing the right.

DEATH OF PIONEERS.

Two Well Known Residents of Huntington County.

Huntington, Ind., July 15.—Harry T. Adams, aged nearly eighty-nine years, died at his home in Clear Creek township last evening at 8 o'clock. He had been ailing for the last fourteen years but was seriously ill since last November. Death was due to a complication of diseases.

Another of Huntington's pioneer residents passed away when Peter Zahn, for sixty-eight years a resident of this county, died at his home near the corner of Oak and Tipton streets, yesterday morning. Death was due to a cancer with which he had been suffering for about six months. Both were well known residents of the county.

THREE WHITLEY DEATHS.

Jeremith Hartsock, John Baugher and Mrs. James Grawcock.

Columbia City, July 15.—Jeremith S. Hartsock, a pioneer resident of Whitley county, died at his country home in Union township Thursday from a paralytic stroke of the heart after over two years' affliction with tuberculosis of the lungs.

John Baugher, aged 72 years, an aged farmer, who returned to Indiana last October, after thirty-five years of residence in Kansas and Missouri, died at his home on the old Wilcox farm three and a half miles north of this city, after suffering for several weeks from an obstrucion of the bowels.

Mrs. James Grawcock, who had been in a critical condition for some time with tuberculosis of the lungs, died Thursday at noon at the home on north Walnut street. The deceased was afflicted with the white plague for eight months and was unable to get any permanent relief from medical treatment.

WAS TERRIBLY BURNED.

Garrett, Ind., July 15.—Mrs. Charles Forsyth, of Altona, was terribly burned yesterday when building a fire at her home. She is about 45 years of age and fears are entertained for her recovery. Upon arising in the morning she took the can and poured some of the contents on kindling in the stove preparatory to starting a fire. When she placed a lighted match near the stove door there was an explosion.

AWARDED COAL CONTRACT.

Decatur, Ind., July 15.—The school board—D. B. Erwin, F. V. Mills and A. H. Sellemeyer—held a meeting and awarded the contract for 100 tons of Hocking Valley coal at $3.25 per ton, for the use of the schools during the coming year to the Decatur Lumber company.

LIGHTNING KILLED SHEEP.

Decatur, Ind., July 15.—Charles Reed, a prominent farmer of north of Decatur, reports that ten fine sheep were killed by lightning during the electrical storm of this week. The sheep were huddled under a tree during the storm when lightning struck the tree and killed the sheep. The pelts were sold, thus neutralizing the loss to a certain extent.

GIVEN A DIVORCE.

Auburn, Ind., July 15.—Special Judge Best has granted a divorce to Mary Palmer from her husband, George Palmer, in the circuit court. There is another action pending against the husband, entitled "state ex rel. vs. Palmer." This is an action for support and it is understood that the parties have settled this matter out of court.

DAMAGE SUIT SETTLED.

Garrett, Ind., July 15.—The $2,000 damage suit filed against the B. & O. Railroad company several months ago by John D. Bucelea was settled by virtue of an agreement between the interested parties. The sum of $700 will be paid to the plaintiff. The plaintiff brought suit claiming that the company had failed to properly protect the machinery at the Garrett shops and that his hand was caught in the machinery and badly cut.

COLLEGE FRAT CONCLAVE.

Wassender, of Santa Cruz, grand president; Henry Booth, of Detroit, Mich., grand vice president; C. K. Minor, of Kansas City, grand secretary; Leslie D. Clark, of Fresno, grand treasurer; Emmett T. S.S.S. FOR SUMMER SKIN DISEASES

Smooth, healthy skins are a rarity in Summer. Most persons are annoyed with pimples, boils, rashes or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. All skin affections come from humors and acids in the circulation. The blood, as it circulates through the system, deposits these acids and humors in the sensitive membranous flesh which lies just beneath the outer skin or tissue covering the body. This acrid matter causes inflammation and a discharge which breaks through the delicate cuticle, and skin diseases are the result. To cure any skin trouble the blood must be freed from all acids and humors, and for this purpose nothing equals S. S. S. This great blood purifier goes down into the circulation and completely removes every particle of impurity, enriches the blood and in this way permanently cures skin diseases. S. S. S. cures, because it purifies the blood and allows it to nourish, soothe, and soften the skin instead of irritating it with fiery acids and humors. Book on Skin Diseases and any medical advice free. Mrs. O. H. P. Belmont declares that American husbands are the best in the world. This opinion is expert. Mrs. Belmont knows. She has had some of them.

The colonel, the president and the governor on the one hand and the old machine and its engineers on the other afford every promise that New York state is going to go democratic this fall. A row of that sort never is settled to the complete satisfaction of all concerned save by absolute establishment of the fact that neither side gets anything out of it. And neither side will in the republican war of the Empire state.

Georgia is the eighth state to ratify the federal income tax amendment. Twenty-eight other states must do so before the constitution can include the provision for taxing incomes and so place the right of the government to impose such a tax beyond the reach of the supreme court's opinion. It is believed that the necessary three-fourths of the states will ratify the amendment. Even in New York, where it was thought opposition would be so strong as to give the amendment no chance, the legislature went against it by only one vote. Another time and it will go through.

Among other interesting possibilities predicted as a result of the republican confusion in New York is the candidacy of Colonel Roosevelt for the United States senate. The idea is not new, but it has been somewhat freshened. As an insurgent the colonel would be the champeen of the whole bunch and the standpat gentlemen would then really have something worth fretting about. In this connection it would be interesting to have the abstract opinion of Uncle Joe as to the deserved fate of an insurgent like Theodore Roosevelt. Would he, too, ornament a gibbet in case shooting were found too good for him?

Judge Landis has sought to impress on the federal grand jury in his court at Chicago that if it indicts anybody for running a trust, boosting prices or otherwise breaking the law it should be the fellow who is guilty and who can be convicted. The judge very sensibly points out to the jury that there is nothing to speak of likely to come from "indicting an alias." When the policy of the government prosecutions against trust mongers and magnates becomes a fight on individuals—the indictment and trial not of the Consolidated Steer and Hog Products company, but of Smith or Brown or Jones and all others on whom something can be fastened—there will be the beginning of the end of criminal conspiracies to loot the pockets of the people who consume what the Consolidated has to sell.

The perfume jag will no longer be the cheap jag. Uncle Sam has thrust his ruthless fist into the business of purveying to the thirsty in the numerous great American deserts and announces that the cheap spirits which masquerade in commerce as perfumery will have to pay the regular federal internal revenue tax or quit masquerading. A pint of alcohol flavored with a dash of musk and a lump of sugar no longer goes as eau de cologne or Parisian parfumerie. Out in Oklahoma, when the parching victim of the law's intedictions was denied by stern federal decree the privilege of paying a dollar and a quarter for a short quart of juniper juice, dandelion bitters or that universal favorite Purena, he found that a few gills of Florida water, extract of violets or compound essence of pink carnations would "make the drunk come" just as readily as the proprietary dope from the family-medicine foundries. At once sprang up all over these regions whence quenchers and quencheries had been banished a stupendous demand for all sorts of toilet preparations that can be delivered to the mouth of the ultimate consumer at an outlay of not to exceed a dollar and a half per barrel house quart. The decree that the federal license must be paid will result in a boost of the price or a shriveling of the business of perfume making in this country.

INDEPENDENT OIL MEN MEET.

Campaign Against Standard Oil Company Indicated.

Louisville, Ky., July 15.—The annual meeting of the Independent Petroleum association of the United States, the first since the body was organized, is in session in Louisville today. The principal business before the association today is the hearing of reports of officers, discussions of freight rates and the election of officers. Thomas L. Hisgen, who was a candidate for president of the United States on the Independence league ticket in 1908 is the president of the association. A luncheon at the Seelbach last evening developed into something like the opening of a campaign against the Standard Oil company, President Hisgen delivering an address vigorously attacking the methods of that corporation.

AUTOMATIC ALARM SYSTEM.

Fred Smenner is Given Patent on Practical Device to Avert Fire Loss.

Fred D. Smenner, 1524 East Wayne street, has been granted a patent on an automatic fire alarm system, the purpose of which is both to avert fire loss and to secure the lowering of insurance rates. It consists of circuit connectors held open by fuse wire or cotton twine until released by fire, and when the connection is made the current is sufficient to blow the fire whistle, sound an electric bell and turn on the electric lights. It is arranged with a power multiplier, so that one or two dry batteries will be sufficient. The device is principally intended for factories, hotels or other large buildings. The mechanism is very simple and practical, so that the invention bids fair to become a success.

PLAYMATE IS SHOT IN LEG.

William Epley, 2514 Gay street, has a bullet hole in the fleshy part of his thigh inflicted by a bullet from a gun shot by his playmate, Fred Gassart. The accident occurred last evening when Gassart began shooting at a small outbuilding where Epley was working. The wound is painful, but not serious.

Norman Stevens, night clerk at the Randall, is confined to his home by illness.

TAKE POSLAM WITH YOU

Sunburn, Red Noses, Rash and Summer Skin Troubles May Annoy During Vacation Days.

A jar of poslam at hand during the summer vacation means freedom from many annoying little affections, such as rash, sunburn, fever blisters, bites, stings, burns, pimples, itching feet and scalp, etc., which are liable to affect one anywhere. In quickly disposing of these minor troubles, poslam, which has accomplished such remarkable work in the cure of eczema and like serious skin diseases, has become a veritable household remedy. There is no skin disorder for which it should not be unhesitatingly used and which it will not benefit. It is an active antiseptic and contains nothing which can possibly injure the most delicate skin. Acne, herpes, tetter, piles, scalp scales, barber's and all other forms of itch, including itching feet, etc., yield to it readily.

A special 50-cent package of poslam, convenient to carry when traveling, is prepared for minor uses, and this, as well as the regular $2 jar, is for sale by all druggists, including Meyer Bros. Co.

A sample package of poslam will be mailed free of charge to any one upon request by the Emergency Laboratories, 32 West 25th street, New York city.

BRIDGE IS DYNAMITED.

Labor Trouble Leads to Attempt at Destruction.

Pittsburg, Pa., July 15.—An attempt was made to blow up the West Belt line's new bridge on West Carson street. The contractors who are building the bridge have been having labor trouble because of their insistence upon the open shop policy. The identity of the bridge wreckers is unknown and they escaped after partial success in ruining the bridge. The detonation rocked buildings and broke windows throught the west end district.

Although there will be no announcement of the teachers for the public schools until next fall, the school board is now endeavoring to arrange its list. DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. HUEY, 713 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

IN THE CHURCHES

REV. ARTHUR J. FOLSOM CALLED AS PASTOR OF CHURCH

Plymouth Congregational Unanimous in the Choice at Meeting Held.

Rev. Arthur J. Folsom, of Portland, Oregon, was selected Thursday night as the successor of Rev. Dr. H. T. Sell, as the pastor of Plymouth Congregational church.

A special meeting of the congregation had been called to consider the candidacy of several well qualified men, and after the matter had been thoroughly considered, a unanimous call was extended to Rev. Mr. Folsom. A telegram received from him today stated that the call is accepted and that he will be in the city shortly. Rev. Mr. Folsom is at Marietta, Ohio, at the present time, filling the pulpit of the church of which Rev. Dr. Kelsey is the pastor, and may not be able to take up his permanent work here until early in the fall. He was in Fort Wayne for a period covering two Sundays a short time ago, and the people of Plymouth church were given an opportunity to judge of him as a preacher and a pastor.

Rev. Mr. Folsom is a man of about thirty-five, is married and has a family of three children. Following his college work, he was the pastor of an important church at Omaha, but resigned the place to take up Y. M. C. A. efforts at Grand Rapids, Mich. Here his abilities were recognized by the Congregational Home Missionary society, which chose him to further the interests of the denomination by the establishment and maintenance of churches along the Pacific coast. He accepted this work and continued it for three years, having his headquarters at Portland, Oregon. At the end of this period he desired to return to the regular ministry, and learning of this, Plymouth church obtained an opportunity to hear him in the local pulpit for two successive Sundays.

It is believed that Rev. Mr. Folsom will prove to be a strong man in his pulpit work, as well as an enthusiastic worker in all departments of the church.

There will be no services in Plymouth church next Sunday, but the newly chosen pastor will occupy the pulpit on Sunday, July 24.

JUDGE CHANGES HIS VIEW OF YOUNG ATTACK

Woman Draws Fine for Assaulting Another—Ctiy Court.

In the city court today Judge J. Frank Mungovan changed his views in the case of Mrs. George Young, arrested for an assault upon Mrs. Aldora Pickard, and after hearing some additional testimony, he assessed a fine of $5 and costs.

The question of whether Mrs. Pickard and George Young, an insurance agent, had been on too friendly terms with the woman his wife attacked, entered in to the judge's feeling in the matter, but it was shown that Mrs. Pickard had not made or invited an attack and the fine followed.

The Other Cases.

John Murray said he was a traveling man. He was arrested for being drunk and said he traveled for himself and generally used freight trains in his travels. He had a kit of soap, towel, combs and other things used by the ordinary tramp and the fact that he dignified his calling by a new name got him nothing better than a fine of $1 and costs.

Charles McGuire was fined $5 and costs for drunkenness and while he is serving it out the police will investigate. He had among his possessions an electric flash light that excited suspicion.

Gus Dow went over for twenty-five days for drunkenness. Patrolman Spillner testified that a day or two ago a woman dropped a bottle of turpentine on the street and broke the bottle. Dow volunteered to get more turpentine in a bottle he got from a saloon and the woman gave him the last 50 cents she had. He didn't show up again.

The assault and battery cases against William and Anna Block were continued until July 25 and that against Leroy Nelson, a negro charged with cutting to kill, was continued until tomorrow.

NO CONTRABAND ABOARD.

Mobile, Ala., July 15.—The Norwegian steamer Utstein, Olsen, master, detained here for two days by customs officials, because she had contraband goods on board destined for the Madriz faction in Nicaragua, sailed from here today. B. Abadie, of New Orleans, supposed to be in charge of the cargo of ammunition, was a passenger on the vessel.

BOARD WANTS WORK STARTED NEXT MONDAY

Has Issued a Call for Contractor to Come for Meeting.

A communication has been sent by the board of public works to Trippeer & Son, who have the contract for the city's portion of track elevation work, to come here for a consultation at which an effort will be made to begin the city's portion of the work on Monday morning.

Both the Pennsylvania and Wabash companies have arrived at a stage where the city can work without interruption and the city administration is trying to get the excavation started so that it can be carried on as rapidly and with as little inconvenience as possible.

City Hall Notes.

The board of public works has ordered ten additional fire hydrants which will be placed as the work of extending the mains is taken up. New water lines will be laid on Wildwood avenue from South Wayne to Broadway, on Sturgis street from Fulton to Broadway, on Parnell avenue from State avenue to Romey avenue, and east to St. Joe boulevard and on Sherman street from Third to Fourth street.

Seeking New Pavement.

Parties interested in Forest Park addition have been asking the board to pave Lake avenue from Crescent avenue to Walton avenue to provide a good street for the boulevard recently laid out in the addition. About 2,400 feet of the city's property, included in the Lakeside park, is involved and an appropriation will be necessary to complete this work.

We will let you have four of our celebrated silver collars tomorrow for 25c.

WHAT THE KOREANS THINK.

Believe United States and Japan Will Go to War.

Washington, July 15.—Fantasies current in the little hermit kingdom, the catspaw of the Orient, are shown in unofficial advices to the state department. Some Koreans who imagine that a war between Japan and the United States is inevitable are inclined to rely upon this country to rid them of what they call Japanese oppression. The Koreans have depended in turn upon China, Russia and the United States in connection with the fictitious independence of their country.

County School Superintendent H. G. Felger and most of the thirty or so teachers from Allen county, who went to Boston to attend the national gathering, are gradually returning to their homes here. Supt. Felger came back last night. He says they were permitted to hear talks from some of the country's greatest speakers.

BOARD OF WORKS ROUTINE.

Contract Let for a Number of Small Improvements.

At the meeting of the board of public works last night Derheimer & Co. got the contract for the construction of a sewer in Beaver and Indiana avenues with its branches at $1.23 per linear foot. The Moellering Construction company bid 5 cents higher per foot.

The following contracts went to the Moellering Construction company:

For the construction of local sewer in alley between Swinney avenue and Stophlet street, 68 cents; cement sidewalks on South Wayne and Kinnaird avenues, 63 cents; cement sidewalks on Harrison street from First to Sixth street and grading from Fourth to Fifth street, 41 cents for walks, 12 cents for grading.

Plans were ordered for paving Schick street from Washington street to Maumee avenue.

The engineer was instructed to hasten plans for Richardson street sidewalks that they may be constructed before winter.

The board confirmed a resolution for the brick sewer in Darrow avenue, condemning a right of way for this sewer, and for the paving of Calhoun street from Superior to Eureka street.

The final assessment roll for Wabash avenue sidewalks was confirmed. The primary assessment roll for the new local sewer in Nebraska was approved.

A remonstrance was filed against the resolution for the paving of Home avenue from Fairfield avenue to Broadway.

THE MAJESTIC AIRDOME.

It is to the credit of the management of the Majestic Airdome that the patrons come regularly and go home very much pleased or relieved of the "blues," as the case may be.

On the bill this week is Eva LaRue, a comedienne who appears in black face. She sings popular songs and her stories keep the audience in a merry mood. The O'Neil Trio have a singing, dancing and musical act that is good enough to appear on any bill and they always receive round after round of applause because of the actual merit and cleverness. The Wahlund Telka Trio, the sensational acrobats, perform their stunts in a different manner from all others and are accorded generous applause.

NEW GORED SKIRT MODEL.

By MRS. JANE FORD.

673

6 SIZES 22 TO 32 WAIST

Tub skirts of linen, pique, duck and cotton poplin are much worn this season, both with separate waists and in connection with waists of the same material joined under a belt of the goods to form a costume. For the latter purpose gored models are desirable, because they keep their shape and are not difficult to launder. In this design is the illustration, which may be developed in round or walking length.

Women who wish to copy it can get the pattern in six sizes that run from twenty-two to thirty-two inches waist measure. It is an economical model to make, for it requires only six and five-eighths yards of goods twenty-four inches wide for a woman of medium size. A striking feature of this skirt is the panel in both back and front. This effect is obtained by stitching the gores, in tailor style, to flounce depth, at which point an inverted plait is cleverly introduced. It gives a pretty swing to the lower edge of the skirt.

This model is so simple and easy to complete that a woman who has little knowledge of dressmaking can cut and finish this garment in less than a day.

Each seam should be basted, placing the corresponding notches opposite and keeping the thread three-eighths of an inch from the edge, which line is followed when stitching. If one's hips are unusually large or small for the waist measurement some slight adjustment may be necessary, which alterations are made at the side seams.

To make the necessary changes the skirt should be slipped on, right side out, and the goods at the waist and placket carefully pinned in position. The seams are taken up or let out on the right side, and after the skirt is removed the lines of alteration are marked so that the seams may be turned and brought on the wrong side. Before the skirt is turned up at the lower edge the placket should be finished, the belt stitched and the hooks and eyes placed.

To get the skirt even all around take a stiff piece of cardboard and on one edge of it mark the desired distance from the floor that the skirt is to be when completed. Place the end of the cardboard on the floor and mark on the skirt with pins or a thread the distance indicated by the notch. Along this line the turn is made and the hem basted in position.

DOC MADRIZ FORCED TO BE HUMANE TO AMERICAN

Was Starving Adventurer Pittman in Prison, But is Called.

Washington, July 15.—Confined in a filthy cell, six by five feet, unfed, save by charitable strangers, William Pittman, an American captured by the Madriz government forces near Bluefields, was found in an overcrowded local prison at Managua, Nicaragua, by Consul Olivares Wednesday. The consul telegraphed the state department yesterday that he had forced Dr. Madriz to furnish the adventurous American better prison accommodations.

Pittman, whose relatives live at Cambridge, Mass., told Consul Olivares that he left Greytown July 4; that since then his captors have failed to provide him with food, leaving him altogether dependent for subsistence upon charity. Pittman was starving.

Olivares reminded Madriz of his promise to treat Pittman with consideration. Madriz agreed to transfer Pittman to a larger and cleaner cell and to allow the consul to supply him with a sleeping couch and food.

Had Promised Fair Play.

When the United States originally learned of Pittman's arrest Dr. Madriz assured Olivares the prisoner would be treated fairly and considerately. Consul Olivares cabled the state department yesterday that the anti-American feeling in the western part of Nicaragua, the section under control of the Madriz faction, is daily growing more bitter.

Mr. Olivares has made vigorous representations to Dr. Madriz and has reiterated to him Secretary Knox's warning that this government will hold the Madriz faction strictly accountable for the security of American life and property.

British and German subjects at Matagalpa have appealed to their consuls in Managua for protection.

American Consul General Eberhardt states that the opinion at Matagalpa was that these anti-foreign demonstrations were instigated by the Madriz faction, whose officials have openly threatened Americans and other foreigners.

How Can You Bake Bread as Good as Perfection?

When you think of the wonderful facilities we have it is no wonder that "Perfection" is such perfect bread. The wonder of it is, that you, with your meager equipment, can bake as good bread as you do.

Your Handicaps

You mix your ingregients by guess work, or with inaccurate measures. You bake in an oven of uncertain temperature, perhaps not long enough, perhaps too long, very seldom just right.

Our Advantages

On the other hand, we measure, mix and bake, do everything in fact, with scientific accuracy and with the most modern facilities. It is certainly no reflection on your ability as a bread baker that we can equal your product.

Perfection Bread, with all its goodness and purity is yours for ten cents a double loaf. Get it at your own dealers.

TALK OF CAMPAIGN PLANS OVER A BANQUET

Democratic Candidates Hold a Conference—State Chairman Here.

Over a banquet at the Wayne hotel Thursday evening, democratic county nominees in the Twelfth district, with State Chairman Stokes Jackson and several of the nominees of the democratic state ticket, considered the political situation and talked of campaign plans. Similar meetings are being held in every district in the state.

Covers were laid for fifty, the dinner being served at 7:30 o'clock, and District Chairman E. G. Hoffman presided. Speakers, all of whom were heard in informal talks, included State Chairman Jackson, Congressman Cyrus Cline, Edward Barrett, of Terre Haute, candidate for state geologist; "Tom" Brolley, of North Vernon, candidate for state statistician; L. G. Ellingham, of Decatur, candidate for secretary of state, and Andrew A. Adams, of Columbia City, candidate for judge of the appellate court.

Say Victory Is Assured.

Speakers without exception declared their faith in the coming of victory to the democratic nominees this fall, and State Chairman Jackson, who came to Fort Wayne from Muncie, where he had attended the democratic congressional convention for the Eighth district, was especially optimistic regarding the outlook for democratic success. He declared that his visits to every part of Indiana had assured him that democratic chances in Indiana had never been so bright as at the present time. There was an extended discussion of plans for the campaign, both in the district and in the several counties comprising it. The state chairman left at 7:15 o'clock this morning on his return to Indianapolis.

Mr. Brolley, the candidate for state statistician, achieved wide renown during his membership in the legislature by his fight to legalize Sunday baseball. Again and again he introduced bills to permit the sport. Mr. Brolley remained in the city today and expected to attend the game this afternoon. Mr. Cline is also spending the day in the city.

CHARLES FROHMAN PLANS HIS LARGEST SEASON

ON ARRIVAL FROM LONDON, ANNOUNCES THAT HE WILL DOUBLE HIS ATTRACTIONS.

Has New Plays by Thomas, Bernstein and Pinero, and New Opera by Authors of "The Merry Widow"—Sir John Hare and Marie Lohr to Come This Side.

(Special to The Sentinel.)

New York, July 15.—After a residence of nearly seven months, passed among the capitals of Europe, especially London, Paris, Berlin and Vienna, Charles Frohman arrived here, a passenger on the Mauretania. Mr. Frohman's chief declaration at the customs was a better bill of health and finer spirits than he has known in ten years. Of all the passengers on the boat the manager was the first off the dock, and on reaching his offices at the Empire theater issued the following statement:

I have had the best time and more real enjoyment during my long stay abroad this season than during any other trip. I have produced more plays in the past six months in London, and in more theaters, than any other London manager has produced in two years, and now I begin work on this side at once. This promises to be a lively season, and I shall be glad to be in it. I remain on this side of the Atlantic and make many productions here until next January. Then I return to London for my next repertoire theater season, which is going to be more important than the one just finished.

First New York Openings.

John Drew will open the Empire theater season with W. Somerset Maugham's four-act play, "Smith," that I produced successfully in London. At the Lyceum theater in August I shall produce the successful farce, "The Brass Bottle." At the Garrick theater I am to produce the new farce called "Love Among the Lions," and at the Knickerbocker theater the musical play, which has been running for the past two years at the Gaiety theater, London, called "Our Miss Gibbs." For this a great number of London Gaiety theater favorites will come to America. The Criterion theater will open with Mr. Forbes' play, "The Commuters," and as soon as I can secure another theater I shall produce a new play by Henry Arthur Jones.

Maude Adams' Season in "Chantecler."

Miss Maude Adams will play "Chantecler" in New York during the winter and later in the other large cities. Miss Adams in all that she has said of this play shows much of the same reverence and affection for "Chantecler" that she felt for "Peter Pan." Miss Ethel Barrymore will have her choice of three new plays for her reappearance in New York during the winter, and Sir Arthur Pinero has expressed his intention, I am glad to say, to write a new play for her directly she finishes his "Mid-Channel." For Miss Billie Burke I have a new play by the authors of "Love Watches." William Gillette is to appear in a repertoire of his former successes and also in a new play. For Otis Skinner I have a comedie Francaise play called "Sire," written by Henri Lavedan, the author of "The Duel." Miss Annie Russell will appear under my management this season, beginning in November in a new comedy which is yet unnamed, but is ready for production.

Name of New Marie Doro Play.

For Miss Marie Doro I have a new comedy written by William Gillette, which will have its first production on the stage in September. It is called "Electricity." Kyrle Bellew will begin his season in October, in Henri Bataille's four-act play, "The Scandal." Mr. Bellew will appear in the part played in Paris by Lucien Guitry. Francis Wilson will continue throughout America in "The Bachelor's Baby," and later on tour in this farce abroad. During the season I will produce with William Crane a new play called "Grumpy" by the authors of "Sunday." I shall begin Miss Marie Tempest's season in America in October, and in a dramatic play called "A Thief in the Night." Its first performance will be given at the Broad street theater, Philadelphia. The G. P. Huntley and Hattie Williams combination will begin their season in September, in a comedy that has kept all Paris laughing for months. In the French it is called "Le Bois Sacre"; in the English it will be called "The Sacred Forest." I shall have a remarkable cast for this successful play—one in fact that I hope will rival the company that played "Caste" at the Empire theater.

New Thomas Play Called "The Jew."

I have a new play by Augustus Thomas called "The Jew," which will be produced under Mr. Thomas' direction late in November, with a special cast of that author's selection. I have a new comedy by Winchell Smith and another new play by William Gillette. I also have a dramatization of the novel "White Magic," by Graham Phillips and Walter Hackett, a new comedy by Sir Arthur W. Pinero, a new comedy by Hubert Henry Davies, author of "The Mollusc," and called "The Single Man." The London production of this last play will be made in September. I have a new comedy by J. M. Barrie, a new play by Alfred Stone, author of "The Walls of Jericho," done in four acts and entitled "The Fire Screen." And I am happy to say that I possess a new play by Henry Bernstein, author of "The Thief," which will be ready for production at the Comedie Francaise in October and will be produced in New York by me in January. It is called "After."

Other Plays From Paris.

One of the great successes of the present season in Paris which I have secured is Henri Bataille's play called "The Foolish Virgin." I shall produce this here in November. I have also secured the delightful comedy, "The Unknown Dancer," now in the tenth month of its run at the Athenee theater, Paris. I have secured a strong drama by Leonard Merrick and Michael Morton called "The Impostor." This play, which is in four acts, I consider most novel in idea and unusually suspensive in treatment. I have another drama called "A Bolt from the Blue," also "The Tenth Man," the Duke of York's theater success; the comedy called "Chains" and the play from the Renaissance theater in Paris called "A Woman Passed By."

New Conan Doyle Play.

Sir Conan Doyle has just made a very great success with his new play, "The Speckled Band," an adventure of Sherlock Holmes. The play has made an enormous success in London and will run for months. It is mine for America, and I propose producing it both in New York and Boston as quickly as I can arrange the casts. I shall produce here J. M. Barrie's wonderful little play called "The Twelve Pound Look." I have also what I consider a very remarkable play with a fine part for a young actress; it is called "Montmartre." It will be produced in Paris in November, and I believe that it will equal the success here achieved by "Zaza." Three weeks ago there was a production in Paris that met with very great success, a comedy that had run one hundred nights in Brussels. It is a fine play, simple in idea but most novel in its treatment. It is called "The Marriage of Miss Bullman," and I secured it at once. Somerset Maugham is writing a new comedy for me, which he will complete in September. Mr. Maugham is to come to New York to witness John Drew's performance of his new play, "Smith." I have a new play by Haddon Chambers and also the comedy that is now running prosperously at the Antonie theater, called "Papillon," which is to be produced in London by Cyril Maude. The day before I sailed I secured a new four-act comedy by the late Captain Robert Marshall and Mrs. G. R. Jennings called "The Second Footman," which will shortly be produced in London. I have a new play by Pierre Wolf called "A Man Passing." I have also secured a comedy called "The Dressmaker," that is now running in Buda Pesth and will be produced in Vienna and Berlin in October. Mr. John Hare will appear at my repertoire theater, London, next winter in several plays in which he has been successful, and then visit America under my management. Miss Marie Lohr, the young actress who has met with so much success in London, will appear under my management the coming season and will, during her engagement with me, play in America.

Musical Comedy by Authors of "The Merry Widow."

Besides "Our Miss Gibbs" I have secured for America a new musical play called "The Doll Girl." The book is by the author of "The Merry Widow" and the music is by the authors of "The Dollar Princess." It will be produced in Berlin in October and by George Edwards in London. I also have Leo Fall's musical play, which will be produced in Vienna in November, called "La Belle Risette," and a new musical play that George Edwards will soon produce in London. I shall have eleven new productions ready by the middle of September and then many others will follow. The opera company from the Metropolitan Opera house just now seems to be a sensation in Paris. It is a good joke on Paris that they had to be shown how to give real opera by the Americans, even if it is Italian opera. I hope soon to make Paris sit up in surprise with an American play and company, as I did when I produced "Peter Pan" with an English company in Paris. The day I sailed I signed contracts with three famous Russian dancers now in Paris—Miss Lupukhow, who is young and charming and dances classical as well as character dances; Mr. Lupukhow, who is a character dancer, about the best in Russia, and Volinine, the famous classical dancer. They appear for me in New York this autumn.

When asked concerning his present theatrical situation in America, Mr. Frohman said: "About that next week. I prefer to speak today as the servant of the public; later I will tell how I am going to get these plays and these stars before the public of every city that wishes to see them."

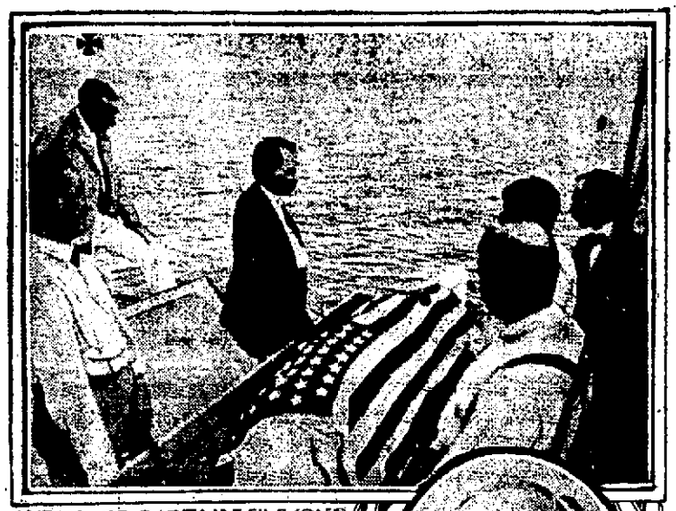
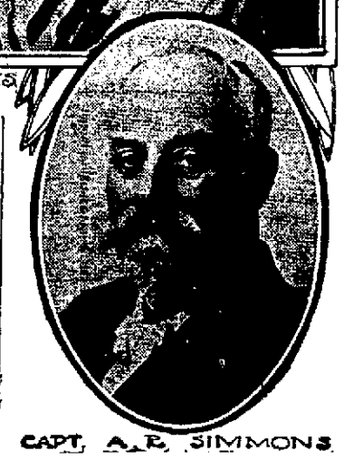
BURIED AT SEA ACCORDING TO HIS WISH.



BURIAL OF CAPTAIN SIMMONS
KIRK MUNROE



CAPT. A. R. SIMMONS

Miami, Fla., July 14.—His sepulchre a grotto of the ocean, his requiem the plaint of the sombre gulls, the sob of the sea the only lament that he wished for, all that was mortal of Captain Ibion R. Simmons has been committed to the great Gulf stream.

It was his desire executed to the letter; not the fancy of a moment, nor the whim of an excited mind, but a deliberate plan.

The yacht Samoa, Captain Charles H. Thompson, left the Seminole dock at 8 o'clock in the afternoon with the body of Captain Simmons reposing in a metallic casket on the bow of the vessel. The Stars and Stripes, under which he had fought as a member of a New York regiment, draped the casket, and gathered in the stern of the vessel were several of his friends.

The yacht with its inanimate burden was steered to the middle of the Gulf stream, where the simple ceremony of committment was performed. The body in its casing of canvas was lifted from the casket and guided silently overboard.

Captain Simmons died at the National Soldiers' Home, at Johnson City, Tenn., May 29, and was buried there He left Miami in March for the purpose of having an operation performed at the home. He was suffering from a wound in the leg received during the war.

He left sealed instructions with the undertaker as to the disposal of his body, and made allusion to this in his will, which he left sealed with Justice L. R. Ralley, whom he appointed his executor.

These letters were not opened until after the death and burial of Captain Simmons. When his wishes were known there was no delay in setting about their execution.

In addition to these calm and minute instructions committed to writing before he left Miami, there was an agreement between Captain Simmons and his friend Kirk Munroe, the author, of Cocoanut Grove, that such disposition should be made of his body. This verbal agreement was made seventeen years ago, when Captain Simmons was building his home at Cocoanut Grove.

HEARD DEATH CRY OF THE ACTRESS

[Continued From Page One.]

Body Cut to Pieces.

After death the body was cut to pieces and some of the bones were removed as if by a hand skilled in surgery and the flesh covered with quick lime that destroyed the possibility of easy recognition. The police consider the story of the shop woman who told of hearing the report from revolver practice in the Crippen garden on different occasions, and later of being aroused during the night by a woman's screams, significant when connected with the fact that a revolver was found near by where the body was interred. It develops that Crippen had in his possession only $250 when he disappeared, but according to the police he took with him the greater part of the jewelry that had been his wife's. From this they figure that his funds cannot hold out long and that he will not be likely to attempt the disposal of the jewels.

The finding in the cellar of a revolver gave rise this afternoon to a report that the vaudeville artist had been shot before the body was battered into an unrecognizable mass and buried in quicklime in the cellar of the Crippen home at Hilldrop Crescent, North London. It also was reported that traces of poison had been found by the doctors. The latter will present their theories as to the cause of death at an inquest to be held tomorrow.

Scotland Yard on Its Mettle.

It has been a long time since a murder case in England has attracted such general attention. The fact that the murdered woman was an American, as is the husband who is charged with the crime, has spurred the police to unusual activity. The full force of Scotland Yard, under the personal direction of Superintendent Forest, are making a thorough search for the fugitive doctor and Miss Ethel Clara Levene.

Miss Levene was employed by Dr. Crippen as a typist. It is stated that Mrs. Crippen objected to the presence of the young woman in her husband's office and that his refusal to dismiss her led to frequent quarrels between husband and wife.

On notification from the police of Trenton, N. J., a New York headquarter's detective was dispatched to Trenton today to examine the body of an unidentified man who shot himself in that city yesterday in a base ball park. The man resembled Dr. Crippen in many particulars.

Two Left Together.

The police say that Crippen and Miss Leneve left the Crippen home together some time the latter part of last week. They are still convinced that the two fled the country, sailing either for the United States or going to the continent. At the same time both have been reported as having been seen in different parts of this country and if the authors of these reports are not mistaken, the two have separated.

If this is the case the police believe their separation is only temporary in the hope of thus avoiding detection.

The officials are leaving no avenue of escape unguarded.

They have notified the authorities at every port to which steamers have recently sailed from this country of the possibility that Dr. Crippen and Miss Leneve will be found among their passengers and have asked for the arrest of the two wherever found. The police also are searching and following every clew throughout Great

Some time after Mrs. Crippen disappeared Miss Levene appeared in public with Dr. Crippen, who introduced her as his wife. To acquaintances the doctor explained that his former wife had left him following a quarrel and that she had subsequently died.

NOT ON THE LUSITANIA.

New York, July 15.—The first of the big liners on which it was thought Dr. Hawley Crippen might reach here from England, passed up the bay early today, after having undergone search at quarrantine which failed to reveal any sign of the American physician whose wife was found murdered in his London home. The steamer was the Lusitania, which left England on Saturday. Dr. Crippen was supposed to have taken passage for this country in company with a young woman named Ethel Clare Leneve, formerly the doctor's stenographer.

The steamer St. Paul, due from Liverpool on Sunday and all other steamers from English ports reaching here within the next few days will be watched by the New York police. German liners, which touch at English ports, will be searched by the Hoboken police on their landing in that city and no avenue of entrance to this country will be neglected in an effort to apprehend the fugitive.

STOOD GUARD WITH RIFLE.

Los Angeles, Cal., July 15.—While the father of Dr. Hawley Crippen, sought in connection with the murder of his wife, known on the stage as Belle Elmore, in London, expressed himself quite freely here in regard to the case, Hawley Crippen, his son, was protected from interviewers last night by his father-in-law, who took up a position in front of the home armed with a rifle.

The young man and his wife make their home with Mrs. Crippen's parents, Mr. and Mrs. J. C. Herwick.

MAID, WILLED $10,000, A THIEF.

"Faithful" Servant, After Funeral, Flees With Trunks of Loot.

Glen Cove, L. I., July 15.—After fifteen years in the service of the late Mrs. Edward R. Ladew, a service that Mrs. Ladew believed so faithful that she bequeathed to her $10,000 as an appreciation, Mrs. Idell Worth departed this week for her native France, after signing a confession that she had attempted to steal property valued at more than $10,000 from Elsinore, the Ladew home, near here, and with the understanding that if she ever returned to this country she would be prosecuted.

Property of that value, consisting of linen, jewelry, silverware and bric-a-brac, was found in ten trunks which Mrs. Worth had in the hold of the Kaiser Wilhelm II. and which she was taking as her baggage to France. An investigation revealed that many of the articles had been stolen years before and that she was sequestering the property for her own use at the time Mrs. Ladew believed she was rendering such faithful service.

GET COPPER ORE FROM AFRIC

Three Shiploads Arrive From Ry Workings in the Congo.

New York, July 15.—A sensatio was caused in the copper trade yesterday by the news that three shiploads of copper ore had arrived at Perth Amboy from South Africa consigned to the local smelter of the American Smelting and Refining company, controlled by the Guggenheims The shipments are generally believed to be the forerunners of heavy imports of copper and other metals from the new African fields which a powerful syndicate, headed by Thomas F. Ryan and the Guggenheims, has been developing for the last year.

While the source of this new copper supply is being carefully guarded by the officers of the American Smelting and Refining company, it is believed to be in the Congo territory, a portion of which was acquired about two years o by the syndicate from the late ng of Belgium. Thomas F. Ryan is id to be so deeply interested in the niect that he expects to pay a visit to the Congo before his return from the other side.

Despite the efforts of the United Metals Selling company and the so-called copper trust, which is controlled by the Standard Oil interests, the supply of copper metal is continually increasing. Meanwhile the price of copper on the metal exchange has been steadily declining. Yesterday it broke o 11.90c for the asking and 11.50c for he bid.

WHISKY DECISION REVERSED.

Thirteen Barrels Prove Unlucky for Uncle Sam's Side of Case.

Cincinnati, O., July 15.—The government suffered a defeat yesterday in the Corbin case, known as "The United States vs. Thirteen Barrels of Whisky." The government contended, in the trial last fall, that the barrels contained other spirits than those placed therein at the distillery, and sought to substantiate this by proof that the barrels contained caramel color. The jury brought in a verdict of "guilty." The appellate court now reverses this on the ground that the government had failed in its proof.

Former Pittsburg Councilman Must Go to Jail for Accepting Bribe.

Pittsburg, Pa., July 15.—A. V. Simon, one of the former councilmen rounded up in the vigorous prosecution of grafters last spring, was sentenced by Judge James R. MacFarlane in criminal court yesterday to serve eight months in jail—four months on each of two convictions for accepting bribes for his votes—and to pay fines of $200 and costs. Simon received $325 for his vote on the bank depositing ordinance and was one of those to whom was paid the bargain rate of $81.10 for his vote on a street ordinance.

A Frenchman attended a Burns celebration. At the end of the jollification a friend asked him if he had enjoyed himself. "Why," said he, with the characteristic French shrug and upturned hands, "it was magnificent. The haggis was good, the whisky was very good, the singing was good, but who was Mr. Auld Langsyne? Was he a Scottish chief?"

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by all dealers.

A little boy had got into the habit of saying "darn," of which his mother naturally did not approve. "Dear," she said to the little boy, "here is 10 cents. As he lovingly fingered the money a hopeful look came into his eyes and he said, "Say, mother, I know a word that's worth 50 cents."—Ladies' Home Journal.

VETERAN HAS FIELD DAY AT TERRE HAUTE

Silent Ed Geers Picked Off a Lot of Money in Racing.

Terre Haute, Ind., July 15.—It was Ed Geers' day at the races here yesterday and he won two first moneys and one second in the three races on the program. He won the 2:13 pace with Direct Hal, Jr., and the 2:16 pace with The Abbe. He was second to Dick McMahon's fair Maiden in the 2:15 trot with the Allerton brown mare, Avanell.

Captain George had been a prohibitive favorite in this latter race, but the M. and M. candidate got into trouble at the start of the first heat when fouled by Madelle, going to a break and being distanced. The judges, however, accepted Murphy's statement of the fouling, and he was corroborated by Driver Selwage, who admitted the foul, but said it was unintentional.

The track was fast and five heats of the paces were better than 2:10, and one of the heats in the trot was in 2:10. In the first heat of this race Geers and McMahon did some great driving down the stretch, and the 6,000 spectators were crazy with the excitement of an "eyelash finish."

The interest today centers in the 2:06 pace, which horsemen say never was excelled in speed of the starters. Geers' Walter W. is favorite in the betting, but any one of a half dozen other horses may be regarded as a favorite with its own backers. The 2:11 trot probably will have seven starters.

An attempt to beat 2:30¼ was made by two horses prior to the regular schedule. Miss Highwood, ch. m., driven by McDonald, stepped the mile in 2:36¼, while Forrest Park, a brown filly belonging to Tommy Murphy, beat the time by five seconds flat in 2:25¼. Another special race to beat 2:25¼ was pulled off when Tommy Murphy sent Fantasma de Forrest, a brown filly, the mile in 2:27¼, two seconds slow.

"Save Me From a Team of Cripples," Says J. Burke

Fort Wayne Manager Would Rather Play Regular Line-up Than Tackle a Patched Up Nine, Says He.

Gentle Jeems Burke says, and gentle Jeems knows, that he had rather tackle any team with its regular team in the field than to go against a patched up organization like the one that slipped a five-to-four victory over in a thirteen inning battle that marked the close of the Terre Haute series.

Along these lines it might be well to remark that about the only chance Ed Pfeffer has to win is to play a team some time with the entire outfield on crutches. That Pfeffer boy has the hungry man caught out with a fork in a soup shower beat to a frazzle for hard luck.

There stood Mr. Courtney out in left field with one leg that ought to have been in some nice, clean hospital and the chances a thousand to one that any sort of a fly ball out there would have been good for two or three bases and what do you think? Just one fly ball went out there during the long combat and that would have "beaned" (i. e. hit on the head) the crippled fielder if he hadn't put up his hands.

Jocko Somerlott went up to spend the day with the folks at home in Angola on Wednesday and he got all mixed up with some home cooking or some Steuben county water that put him to the bad and yesterday he had a fever and couldn't come back. This put Eddie Goes on first and he hit in two of the five runs made by the visitors and in each instance turned the trick with two gone. It might have been just as well to pass him a couple of times.

Goes is a right field hitter naturally and just to show what a team all patched up will do he hit to left twice out of the three times he bingled. Eddie Brennan went behind the bat with a lame back and put up a good game.

One Rudolph Summers, Louisville southpaw, was the big noise of the engagement up to the seventh and he had the game so well in hand that only three men had reached second and none had gotten as far as third. Fact is Summers had one man stowed in the seventh before any damage was done. The break came when Young hit to right and Gainer rammed one down to first that Goes knocked down, but could not field in time to catch the runner. Manda popped to second and the rally seemed to be going all to the bad when Bill Bailey poled a drive to middle that sent Young home with the first run and Gainer to third.

The pitcher failed to cover first on Justice's drive down toward first and he was safe in addition to scoring Gainer. Then Pfeffer kicked in with the second of three hits that he pickled during the fray and sent Bailey over. This gave the locals a lead of one and it lasted until two were down in the eighth when Curtis hit for two bases and Goes scored him with a single.

When the Tots tabbed a count in the tenth everybody began to moan about the extra-inning hoodoo and one irreverent little fellow in the stand called upon some one to pray. Luck broke for the home nine in the last half, however, and a run was scored without a hit. Justice got a base on balls and was retired at second on Pfeffer's grounder. Pfeffer made second on Blount's out and third on a wild pitch and then scored on McDonald's fumble of Burke's drive.

Sandy Murray mussed the thing all up in the thirteenth. He hit one to short that he beat out and pilfered second by virtue of the fact that Goes took advantage of the fact that the umpire was not looking and interfered with the throw. Curtis popped a foul fly trying to advance the runner before the theft and with a man on second and one out it would have been good base ball to pass Goes, who had been hitting like a house afire, but he was allowed to hit a hard grounder to first. Pfeffer did not go across fast enough to cover the bag and Murray just kept on chasing home from second, scoring the winning run on an infield out.

NOTES OF THE GAME.

Burke and his crowd gave the Tots a good battle anyhow.

Blount stole two bases on Eddie Brennan, but was neatly nipped at third when he tried to move up on a ball that the catcher dropped.

Reddin was taken out in the tenth wth a man on to let McDermitt bat for him. The change was made to chuck a right handed batter into the breach.

Gainer has been badly handicapped by his injured ankle, but he beat out a bunt and is rapidly rounding to.

Carl Manda pulled off a swift piece of work when he raced to second and took the throw after Pfeffer had nipped Brennan's fly in the eleventh. Good head work and fast sprinting enabled him to get in on a double play.

Eddie Justice threw wild in the third and let Barkwell score after McDonald's hit had been knocked down. He redeemed himself when he beat out an infield hit in the seventh and scored Gainer.

Cuppy Groeschow's son, a lad of ten, come back from Adrian with his father. He is a ball player and "winged" the ball about remarkably well for a boy of his years.

Summers has good control and did not pass a man until the game went into extra innings.

Bill Bailey and Pfeffer both hit in pinches. Pfeffer will swell that average of .048 if he has a few more field days like yesterday.

McDermott made a noble effort to save the day with Burke on third in the tenth and he fouled off half a dozen before he finally rammed one at Groeschow, on which he was nipped at first.

Young started things in the seventh with a nice single to right.

SOUTH BEND HAD A TUSSLE WITH POTTERS

Series Marks New Record for Central League Ball.

Opening with a twenty-one inning 1-to-0 game the series at South Bend with Zanesville closed with a record for the Central league that will probably stand for some time in view of the fact that in the two battles the clubs made only one run in thirty-two innings.

Ted Corbitt was in most remarkable form in the closing engagement which was the second half of a double-header and he did not allow one hit, while Kenworthy, for the Potters, was nearly as good and got by with only three hits registered against him, one of which was a double by Teddy Kroy.

In the three games the clubs played forty-one innings, which is five more than the ordinary limit for four regulation contests, to be more exact they played practically four and a half regulation games in the three. There was not a change of pitchers in any of the games and tight baseball marked the series all the way through.

A search through the records at hand shows that there have been a great number of no-hit games pitched and that last season was exceptional in this respect, but it does not show where a game went over the regular nine innings, so it is likely that Corbitt has set a new mark by going eleven rounds without having a hit recorded against him.

"Whitey" Doak was beaten in the first game of the series between Wheeling and Grand Rapids, then he turned right around and held the Raiders safe in the next engagement, registering a victory for his team.

Ed Asher, who was sold to Dayton this week, went to the relief of a badly shot-up pitching staff and held Evansville runless his first time out in his new home.

Carl Centlivre Belonged to Team That Sent Players Up

Carl Centlivre, Evansville's good hitting outfielder, played on a remarkable team in 1908. It was probably the best college aggregation in the country.

Eight of the players who made up the team, representing Notre Dame, are playing league ball this season. Three are in the majors. Another is property of a major club, but playing in class A, and four are in the minors.

Pitcher Frank Scanlon is with the Phillies, Catcher Pat Donahue with the Philadelphia Americans and Infielder Bert Daniels with the New York Americans and Johnny Dubuc, property of Cincinnati, is with Buffalo.

The four players in the minors are Infielder Cutshaw, Pacific Coast league; Infielder Ruell, Connecticut State; Outfielder Wilson, Northwestern league and Centlivre, Evansville.

Notre Dame won twenty-two out of twenty-four games that season. Centlivre played the outfield and batted .303. He was one of the four .300 hitters on the club.

The same team made a trip through the east and scored victories over Fordham, Holy Cross and Georgetown, the strongest Roman Catholic teams in the country, as well as many of the other colleges of the east.

BURKE DIDN'T LIKE THE LOOKS OF CATCHER

Left Him With Varnell and Don't Know Anything More.

The fact that Jimmy Burke had Catcher Williams, of the Mannington team of the defunct West Virginia league in uniform a short time to look him over has given rise to another of the foolish stories that somehow or other get in the papers on the circuit.

This story relates that after Bill Phillips had practically signed this catcher Burke picked him up knowing that the Stogies were weak behind the bat and the Wheeling Register characterizes the deal as a dirty piece of business. Burke never saw the man until last Monday, when he had him work out at the park a few minutes. When he went back to the hotel Claude Varnell asked him what he thought of the fellow and he said he didn't look very good and advised Varnell not to sign him.

Walter Conway recommended the fellow to Varnell and on this recommendation he was given a trial. Neither the manager nor the owner of the club sought Williams, but Conway is a very close friend of Varnell and he was sure Williams was a good man and he wanted the Fort Wayne team to have him. That's the story in a nutshell and Burke would not even agree to bring the catcher home for a further trial, as he did not look good enough.

Bill Phillips arrived with his team this morning and is registered at the Randall. He thinks he has his club going all right now and is squared away for a bruising fight for the remainder of the season. He has Plass with him, which will send Bisland to third base and with a good outfield he is sure to give Fort Wayne a tussle for the three games booked here.

HERE'S A FUNNY ONE.

A laughable incident occurred in the first game of the double-header between Marion and Lancaster Wednesday. In the third inning, just as Catcher Reilly, of Marion, stooped to catch the third strike on Right Fielder Young, of Lancaster, the inside seam of the left leg of his pants ripped, and the ball entered the rip and circled around into the right pant leg, settling just above the knee. Before Reilly could recover the ball, Young was calmly perched on second.

SUTTON WANTS ONLY ONE MAN FROM CENTRAL

May Put in Drafts for Several Others in the Fall.

"I never work behind the bush," said Larry Sutton, Brooklyn scout yesterday. "When I see a player that I think will suit I go right to the club management and find out if he is an option player and if he is on the market I get the price and a refusal for a given time, then watch him up, and if he suits me I make the purchase. Thus far I have seen only one man I want to buy. I am still after Stark, of Dayton, and the club owners have my figures. I do not know whether I will get him or not."

In addition to this Mr. Sutton said that he never made any effort to get away from the newspapers in his deals and is always glad to give any information as he generally ties up a player right from the jump if it is possible. He also said that he was here on private business yesterday and that he expected to be in New Orlans on Sunday where he had an engagement to close up a deal for a player.

Sutton spoke well of Ed Pfeffer and Walter Miller, but it is not likely that he will purchase either unless he changes his mind. He may try to obtain both by draft when the drafting period sets in and then he may not want to take a chance on either. He likes both men and inspite of his apparent candor, he may have visited Fort Wayne yesterday to see Pfeffer work.

This puts to rout the story that Brooklyn had made an offer for McCarthy, Welchonce and Koehler, of the South Bend team. A report was sent out that he had offered $5,000 for the three men, but it had been turned down by the Broncho management.

Sutton said also that he is about through in the Central league. He had a look at Tex Covington of the Evansville team, and if he thought of buying him he did not say so but unless he is sold there is every probability he will put in a draft for him.

IN THE LIMELIGHT

Christy Mathewson held the Pirates runless until the ninth inning when Fletcher erred in handling Wagner's grounder; Flynn, batting for Bill McKechnie, singled; Wilson followed with another hit and with the bases full the great Christy forced over a run with a base on balls. Ames went to the rescue and forced over the winning run with a pass.

Frock, pitching for Boston, held Cincinnati to four hits and a shut out. Beebe was wild and was taken out, Burns was not effective and Benton finished the game.

Zimmerman, utility infielder for the Cubs, had four errors at second in the two games with Philadelphia and the double-header was split between the two teams. Pfiester was knocked out of the box, McIntyre was hit hard and Pfeffer finished the third game. Cole got wobbly in the ninth inning of the second game and Brown was sent in to relieve him.

Corridon went bad at St. Louis and had Brooklyn shut out until the last half of the ninth when three runs were scored, giving the Dodgers the game. Jack Powell kept the hits off his delivery well scattered in the St. Louis-Philadelphia game and broke the winning streak of the Athletics.

Detroit bunched five hits off Reisling in the second inning of the game with Washington and won easily from the Senators. Cobb hit for a home run with two men on.

Cy Young failed for the third time to register his 500th victory in the game between Cleveland and New York. Ford held the Naps to four hits.

Clyde Engle hit for two bases with a runner on in the double-header at Boston and sent in the run that beat the White Sox in the first game. Arellanes held the Sox to six hits in the second game and Boston won handily.

Grover Prough held Ottumwa to four hits in twelve innings and Dunn let Keokuk have two and a pitchers' battle wound up in the twelfth with the clubs tied.

Weaver, pitching for Louisville, held Milwaukee to one scratch hit and the Colonels won a game that went to the ninth before a run was scored.

Pitcher Leroy of the St. Paul team, did not allow Toledo a hit until the tenth inning. Robinson, in the box for Toledo, weakened, and a pass, a triple and a single scored two runs for the Saints.

After holding Indianapolis runless until the ninth Pitcher Carter weakened and three runs were scored before Rhoades relieved him, but the Indians could not overcome Kansas City's lead.

Sporting News in Tablets

Jewell, a pitcher from Lansing, Mich., is being tried out by Manager Wheeler. He comes to South Bend well recommended as a twirler.

Pitcher Peg Bemis joined the Terre Haute team yesterday. He has been out of the game on account of rhumatism.

After an uphill fight Dayton has passed the .500 mark in the club standings. Three victories over Evansville did it.

George Wheeler will probably be sent to Louisville by the Cincinnati management and it is likely that he was bought from Terre Haute for the Colonels.

Al Orth announced after his release by Indianapolis that he had quit the game for good and would not make another attempt to break in. He has had fifteen years at the game.

Ownie Bush, of the Tigers, holds the 1910 major league record for striking out. In Chicago on May 1 the little shortstop went to the bat seven times against Ed Walsh and was retired on strikes five times.

In the twenty-one inning game at South Bend Wednesday Manager Montgomery ordered Pitcher Jones to pass Kroy and take a chance on McCarthy as the youngster had not been hitting.

The Pirates have secured Johnny Kading, the first baseman of the Eau Claire team of the Minnesota-Wisconsin league. Kading is a Chicago boy and played semi-pro ball there before going into the bush leagues.

Roy Evans spent his time yesterday at the local game telling Ed Pfeffer he ought to be plowing corn. If Pfeffer can't plow corn any better than Evans can pitch he had better not try it.

Idiotic items like this hurt base ball. It was printed in the Evansville Courier and is absolutely without foundation: "Manda, who succeeded Frankie Donahue as second baseman for the Waynes, is not playing the same brand of ball he did at Zanesville. There is said to be trouble in the Wayne camp, as all the men were pulling for Donahue."

Fred Merkle, first sacker, was the most discussed player in baseball in the autumn of 1908 because he cost a pennant for New York by failing to touch second. This year Merkle has the Gotham fans with him all the way. He is playing great ball at first base and that, with his hitting, is going a long way toward making New York's chances for the pennant look ripe and juicy.

BUNKER IN WAR.

Doughty Colonel Paused In the Field to Fight Duels.

HONOR WITH HIM WAS FIRST.

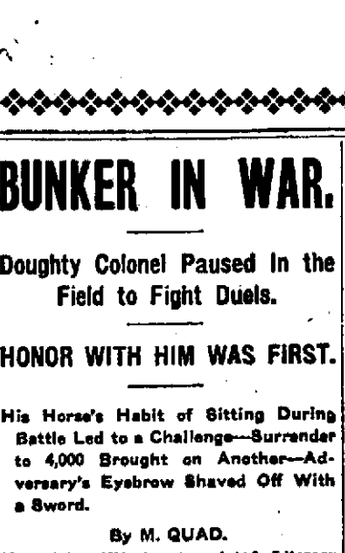
His Horse's Habit of Sitting During Battle Led to a Challenge—Surrender to 4,000 Brought on Another—Adversary's Eyebrow Shaved Off With a Sword.

By M. QUAD.

[Copyright, 1910, by Associated Literary Press.]

"AS I was saying, suh," said Colonel Bunker as he sipped the last of his cocktail and carefully set the glass aside—"as I was saying, the civil wah was prolific of the duello. It was but natural. Every officer was a gentleman, and every gentleman was on his honoh. He must fight or resign, suh, when challenged.

"The battle of Bull Run brought me my first duel of the wah. At the head of my regiment I charged. It was not until we had gone a full mile that we discovered there was no enemy in



THE MOUNT HAD A SITTING HABIT.

front of us and that we had charged in the wrong direction. It was simply a mistake from our overenthusiasm; but Majah Wharton of the Fourth couldn't look at it that way. He thought it had a humorous side. He therefore stopped me one day and asked me how many rabbits we killed on that charge. I looked at him, suh. I just looked at him, and the smile went off his face. Within two hours a friend of mine and a friend of his had arranged the details. The majah was game, but he couldn't shoot straight. I put a ball through his body, and, though he recovered, he was no good for years. I was prompt, suh. I had to be or my gallant regiment would soon have been known as the rabbit hunters and my prestige would have been gone.

"At Fair Oaks I was ordered to charge 4,000 with my 1,000. I differed with the commanding general as to the expediency of it, but as I wanted to be obliging I charged. I was mounted, of course, and at the head of my gallant fighters. Unfortunately for me, I had a horse that had a habit of sitting down when he was tired. I had given him much work that day, and just as we started to charge he insisted on sitting down. Imagine the situation, suh. There I was, sitting on a sitting horse, and my boys waiting for me to lead them, and I cannot make you understand the humiliation. In about ten minutes another horse was brought up for me, and, exclaiming, 'On, gallant boys; on!' we dashed ahead. But it was too late for glory, suh. The enemy had somehow got wind that we were coming and had retreated.

"Of co'se there was mo' or less talk about the incident, and I kept my ears open to nip it in the bud. It was Colonel Buck who came along to my campfire and clapped me on the shoulder and asked if that sitting horse of mine had got on his feet again. I turned slowly around, fastened my gaze on him for a moment and then answered in icy tones:

"If he hasn't my sword arm is in good condition!"

Pinked the Gallant Colonel.

"Concise and right to the point, suh. No chance to misunderstand me. The colonel flushed up and walked away, and within an hour the duel was arranged for. The colonel was there, and as I saw from the start that he was not up on sword exercise I merely pinked him in the shoulder and laid him off duty for six weeks. The commanding general afterward thanked me very effusively for not depriving one of his regiments of a leader.

"Just befo' the second battle of Bull Run, suh, I was ordered to march my regiment ten miles and surround and capture a detachment of the enemy reported to number 500. Mere boys' play, suh. I was disappointed to hear that there were not quite 2,000 of them. We marched, and we surprised the 500. We were also surprised. There were 5,000 of the enemy—that is, there were 5,000 when I told my brave boys to follow me, but they kept on coming until the whole of Pope's army was up. I seldom counted odds during the wah, suh, but on this occasion I couldn't quite make it clear to myself how my 500 were to surround and capture General Pope's 90,000. I therefore ordered my chevaliers to fall back half a mile and take a stronger position and fight till the last man had shed his last drop of blood.

"Yes, suh, that's the way I put it—last man and last drop—and the commanding general afterward complimented me on getting off such an epigram. He had reason to believe, he said, that it had a demoralizing effect on the enemy. The unfortunate thing, however, was that my order was misunderstood, and my 500 fell back the full ten miles, and in a great hurry at that. You will agree with me, suh, that it was no use for me to remain behind alone. If I had killed twenty of the enemy single handed there would have been 89,980 of them still left. I expected something would be said derogatory to my 500, and it came. A brigadier named Taylor criticised me for not pushing on against the 90,000, and I challenged him on the spot. I shot him through the shoulder, suh, and his bullet cut a button from my coat. That wasn't the finish, however.

Gives In to 4,000.

"The enemy in some way got notice of the duel, and the brigadier had just left the grounds and I was tying my shoe previous to following when I found myself surrounded by 4,000 men. For a moment I thought of cutting my way out, but gave it up and tendered my sword.

"'Retain it, brave man—retain it!' replied the officer in command, and then, after making inquiries about the affair and finding that I was there for honoh's sake, he had me escorted off the field, and the 4,000 cheered as I went. Yes, suh, the enemy appreciated honoh, even though he was an enemy.

"It was the duel as detailed above, suh, that brought about another. A number of us officers were sitting together one evening when the subject was brought up. All but one of them took my view of the case. The exception was Colonel Eustis. He declared that no officer should surrender under any circumstances without having first killed two men. It was a dig at my courage, suh. I looked at the colonel—just looked. Not a word was said. My eye told the story. He knew he was a challenged man. He went away to get a friend to act for him, and next morning we met. Orders had been issued for us to break camp and march in the morning, but when the commanding general heard of the coming duel he came riding to my tent to say:

"'Colonel Bunker, your regiment saved the First corps at Chantilly by a gallant charge at the crucial moment, and I shall therefore countermand the order to march and let this duel go on. After this, however, I shall take it as a great kindness if you will give me a day's notice in advance, so that the Confederate states will not be interrupted.'

"Yes, suh, he said those words to me, and I have always treasured them. All my subsequent duels were arranged to suit the convenience of the army and navy and the authorities at Richmond.

Duel Before 30,000.

"But of the affair with Colonel Eustis. He chose cavalry swords, thinking I was not up to the game. Strongest point I had at the time, suh. Learned the weapon in Berlin. From the very first I played with the major, while 30,000 men looked on. He was a good man in civil life and a very fair officer in the field, and I did not care to see him buried. I therefore shaved off his right eyebrow, the left side of his mustache and cut the buttons off his coat and then pinked him in the arm. He was game, but what show had he against a man who had fought forty-four duels and learned his cuts and thrusts from the very best masters in Europe?

"Next day after the affair he came to me like a gentleman and said:

"'Colonel Bunker, I have been thinking things over, and I have come to the conclusion that you were justified in surrendering to 4,000 men without having killed any of them.'

"And so, suh, and so"—

And he got his second cocktail.

Nautical.

"I hear Jones, the sea captain, is in hard luck. He married a girl, and she ran away from him.

"Yes; he took her for a mate, but she was a skipper."—Princeton Tiger.

BRIGHT'S DISEASE

Late estimates on the per centage of recoveries under the new emollient treatment for Bright's Disease are as follows:

Where patient is much weakened and crises may be expected in from five to ten days, probably not more than 10% to 20% recover. Where physicians aid with efforts to restrain fatal symptoms this percentage is increased. In cases where patients have from thirty to sixty days of life the efficiency is very much higher.

Where patients do not wait until bedridden probably three-fourths yield.

And in cases that take the new emollient treatment on the appearance of the disease nearly nine out of ten respond.

Albumen Casts and dropsy do not prevent recovery. The point is that the Renal inflammation should be attacked before the heart and physical system are broken down.

The new emollient treatment is known as Fulton's Renal Compound. It can be had in Fort Wayne at the D. & N. Pharmacy, 624 Calhoun St.

We desire every patient to write us who is not noting the usual improvement by the third week. Literature mailed free. Jno. J. Fulton Co., 645 Battery St., San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

MISS E. A. ROSS,
Sharon, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

OPINIONS OF PROMINENT MEN.

Winona Lake, Indiana, has many good friends among prominent people who have spent much time on the beautiful grounds and who have attended different conferences held there. S. Parks Cadman of the Central Congregational church, Brooklyn, says, "Today, I know of no religious center in America where summer work counts for more or is better done. I urge my brother pastors and teachers of the Bible Schools and leaders in the various departments of Christian service to support Winona."

Ex-Governor Hanly of Indiana says that Winona Lake is meeting a great public need, while the governor of Kansas, E. W. Hoch, says, "Like a dream to a fairyland is my memory of my visit to the Winona Assembly grounds and like a benediction is the recollection of the impress the work being done there, made upon me."

Another voice from Kansas, Mrs. C. F. Menninger, the famous Bible teacher, says, "The boys and I think that Winona is a most delightful place to live and would like to stay there all the time." George L. Robinson of the McCormick Theological Seminary says, "Winona is one of the brightest, holiest spots on the North American continent."

Willis L. Gelston, superintendent of Young People's Work of the Presbyterian church, says: "In comparing rates at Winona with those in other places where conferences are held, it is my opinion that better service is secured there at more reasonable prices than in any other conference center with which I am familiar." Winona is justly proud of her reputation as a convention center and this season will have conventions from May to October.

THE GREAT ITALIAN BAND.

The Ciricillo Italian Band will give six concerts at Winona Lake on the afternoons and evenings of July 25, 26, and 27. This band is now famous and is making its sixth tour under the leadership of Maestro Salvatore Ciricillo. There are thirty musicians in the band and at different times during their Winona engagement they will be directed by Angelo Vitale, the youngest musical director in the world. Angelo Vitale is but nine years of age and for the last two years has been appearing with the Ciricillo band in many of the large cities of the country. While at Winona Lake he will direct the band in its rendition of "Tannhauser." Besides being able to do this, the boy leader is able to imitate other great band directors and in his directing he will represent the quiet, dignified leadership of Sousa and the hair-tearing methods of Creatore. Other leaders will not escape imitation and one may listen to the music of this Italian band and recall other leaderships at pleasure.

The brass sextette and quartette directed by Master Vitale are splendid features on the program. The youthful director wears three medals, the gifts of musical organizations in cities where he has sung. There are sixteen soloists with the organization and music lovers may expect great pleasure from this three days' engagement of the band at Winona Lake.

STRONG CHAUTAUQUA PROGRAM.

Winona Assembly presents a very strong program for the season of 1910. This program is from July 3 to August 20, and many noted preachers, lecturers, readers and entertainers will appear on the platform. Many prominent musicians and bands have also been engaged for the season.

The Winona season opens unusually early this year and will not close until late in September. In May will be held the National Synod of the Reformed Presbyterian church. In June comes the National Conference of the Brethren church. Some 30,000 sons are expected to attend this conference. This is the third time in recent years that these once called "Dunkards" have held their national conference in Indiana. One was held at North Manchester, Ind., and another at Muncie. Winona Lake is making great preparations for their entertainment.

Late in June the Summer School of Missions of the middle west will hold its sixth annual school at Winona. Then comes the Winona Assembly program, this to be followed by a ten days' Bible Conference. A second chautauqua program will be given by the members of the International Lyceum bureau, which will hold its annual convention at Winona Lake September 1 to 10. This association includes most of the principal speakers on the lecture platform today.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., July 15.—Reports of an exodus from western Canada because drought and heat had left many settlers no crops to harvest or subsistence for winter were coupled today with forecasts of continued heat in the Dakotas and Minnesota. Hot weather along the Danube led to higher prices at Liverpool and with the absence of rain in the northwest produced similar results here. There was big buying through commission houses from the outset. Most of the longs had sold out on yesterday's bulge and therefore had little for sale. First prices were ½c to 2c higher. September started ⅞@1c to 1⅛c up at $1.05½ to $1.06⅛ and touched $1.06¼.

Corn was active but unsettled. There was much demand for the September option, but commission houses had resting orders in profusion. Fine weather for the crop tended also to ease off prices. September opened ¼c to ⅜c up with wheat at 60½c to 60¾c, and reacted to 60⅝c.

Private wire concerns and shorts were buyers of oats. Country longs unloaded. The market opened ⅛@⅜c up for September at 39½c to 39¾c and fell back to 38¾c@39c.

Shorts in provisions were covering a little and the market opened 10c higher to 2½c lower and remained at about that level for quite a while. First prices for September were: Pork, $21.85; lard, $11.87½; ribs, $11.80.

STOCKS AND BONDS.

The Day on Wall Street.

New York, July 15.—Transactions in stocks at the opening today were on a small scale, but a general advancing tendency was perceptible. Gains in Minneapolis, St. Paul & Sault Ste Marie and Amalgamated Copper reached a point and in Reading, Wabash preferred, Chicago & Northwestern and Republic Steel large fractions. The sprinkling of declines included a loss of a point in Rock Island preferred and 1¾ in Union Pacific.

Speculation was feverish and uncertain with prices ultimately declining. All of the important stocks covered a wide fractional range, and the movement in St. Paul, Reading and American Smelting reached a point. Baltimore & Ohio showed a little activity for a while and advanced 2 points. Consolidated gas and International Harvester also gained 1 and National Lead and Republic Steel 1¼. The market was quite weak in spots at 11 o'clock, Canadian Pacific showing an overnight loss of 1⅝ and Union Pacific, Atlantic Coast Line, United States Steel, Brooklyn Transit, Anaconda and American Steel Foundries 1.

The early buying reduced the short interest when completed and prices were allowed to sag. The upturn in wheat and cotton and the Pennsylvania labor troubles were unfavorable influences. Canadian Pacific was forced down 3 and St. Paul, Southern Pacific and Union Pacific 1. Wheeling & Lake Erie first preferred advanced 1¾. Bonds were irregular.

Fractional rallies threw the market into semi-stagnation. The bulls showed some hesitation in following up the rally although no important selling was encountered.

Many of the floor operators took advantage of the increasing dullness of the market to begin their week-end holiday, and in consequence there was scarcely any business transacted in the room. The market showed a hardening tendency.

Prices moved slowly towards recovery in the last hour, but the dealings were hardly more than nominal. Chicago & Alton rose 2. Delaware & Hudson fell ½. Westinghouse Electric 1¼ and Pittsburg, Cincinnati, Chicago & St. Louis and St. Louis Southwestern 1. There was a later sag of a fraction in the general list.

PARTY REGULARITY THE THING SAYS CANNON

Speaker Attacks Kansas Insurgents on Their Own Soil.

Winfield, Kas., July 16.—"Discontent of a people," said Speaker Cannon in an address at the Winfield chautauqua session today, "is not measured by complaints in the press. It is measured in a more significant manner and makes more indelible impression than that of a penny paper bought, perused, thrown away and forgotten.

" 'The pocket nerve' is one of the most sensitive nerves in our civilization and that nerve is always the first affected by any general discontent or want of confidence. I have seen no evidence of weakness in the 'pocket nerve' out hre in Kansas where you are revelling in high prices for farm products and showing no sympathy for those in the east who complain about the high prices of beef and pork, of wheat and corn. I have seen no evidenc of attack on the 'pocket nerve' anywhere in the west where business is moving with a push rarely seen before.

'Pocket Nerve' in Good Condition.

" 'The pocket nerve' was never in better condition than it is today and that is the real evidence of confidence on the part of the American people in the economic policies of the government. That nerve shows no sign of prostration such as it showed after the democratic party came into power and enacted the Wilson-Gorman tariff act. There was an experience that shattered the 'pocket nerve' and all other nerves in our business organization."

Speaker Cannon declared the opponents of protection have misrepresented the tariff; lied about its schedules, and resorted to every conceivable trick to keep the tariff in politics.

"The demagogue," said he, "may pick out an item here and there and say that duties are too high, but the law is to be tested by all its provisions and not by an isolated item here and there."

The speaker referred to the unsuccessful opposition to Representatives Smith and Kennedy in the Iowa primaries recently and continued:

Must Obey Organization.

"My information is that, in Kansas, Senator Bristow with his allies, Gov. Stubbs, Representative Murdock and others, is opposing the renomination of Representatives Scott, Campbell, Anthony, Calderhead and Roeder, for the reason that these representatives voted for the tariff bill and co-operated with their republican brethren in the house of representatives.

"This is a government by the people; but in order to govern it is necessary with a population of 90,000,000 that those who substantially agree touching economic and other policies, should co-operate and they can only co-operate through organization."

Speaking of Representative Murdock, of Kansas, Mr. Cannon said:

"The special rule for the consideration of the postal savings bank bill was advocated by Mr. Murdock and other gentlemen who in the past complained of special rules. And Mr. Murdock in his vote of June 7, 1910, condemned all his previous action against the committee on rules of the house of representatives."

Urges White's Advice.

The speaker declared Mr. Murdock was ready to adopt any means to secure the postal bank legislation, and "for once in his legislative career, became a constructive legislator instead of a mere obstructor against legislation. I hope he may take the advice of William Allen White gave to Kansas in 1897, 'Become less interesting and more frequently right.' "

In conclusion the speaker commented the Kansas delegation as a whole, and urged the selection of representatives who will co-operate with their colleagues from all the other states and be wise and strong enough to legislate for 90,000,000 people.

"Send men competent to legislate in the house and senate and not merely in the newspapers and magazines," said he.

For the Standpat Idea.

Speaker Cannon was the guest of the Winfield chautauqua today. His address here was the first of half a dozen that he is to make in Kansas. He will speak in the district where Representatives Anthony, Reeder, Calderhead and Campbell, "standpatters" are seeking renomination. Several members of a delegation of Oklahomans who have come to hear Mr. Cannon wore badges inscribed "stand pat."

IMMENSE DAMAGE FROM THE FLOODS

[Continued from Page One.]

resulting in the breaking of the reservoir. Citizens battled all night to save the levee and it is still threatened. Rockville streets were covered with eighteen inches of water for several hours. All streams are out of their beds and many bridges have gone.

Rain caused Busseron creek, near Sullivan, to leave its banks and washed away several bridges. Much of the oats crop will be entirely lost. At Victoria a washout on the Indiana Southern railroad undermined one thousand feet of track and delayed all trains for many hours. Throughout that section the flood is the worst in years.

IMMENSE DAMAGE DONE.

Henderson, Ky., July 16.—Reports reaching here today from Henderson and Webster counties indicate that damage approximating $2,000,000 was done by a cloud burst last night. It is estimated that 50,000 acres of pooled tobacco in Henderson county alone has been destroyed.

All streams are out of banks and many bridges have been carried away. The tracks of the Illinois Central railroad near Highland creek are under water for two miles. No lives are reported lost, but hundreds of head of cattle, sheep and hogs were swept away by the floods. Many fields with the entire crops of tobacco, corn and wheat are totally ruined.

Crops on the hill lands were saved, but they were injured by the beating rain. It has rained nearly every day for the past three weeks and last night's cloudburst continued from 10 o'clock until daylight.

HEAVY RAINS IN KENTUCKY.

Louisville, Ky., July 16.—Very heavy rains fell over central and western Kentucky during the night, the precipitation in Louisville amounting to 1.63 inches. A miniature cloudburst is reported at Henderson and several streams are out of their banks. Owensborough reports a rainfall of 1.65 inches. The storm, according to the local weather bureau is moving eastward. The damage to crops is large.

BREAKS ARM IN FALL.

While playing about the premises of his father, Thomas McLaughlin, at 514 East Taber street, Carter McLaughlin, fourteen years old, fell from a shed and fractured both bones of his left arm. The accident occurred late Friday afternoon. The lad was removed to St. Joseph's hospital, where the bones were set.

CHICAGO SHOOTING AND SUICIDE A MYSTERY

Little Can Be Learned of Sensational Affair in an Office.

Chicago, July 16.—Mrs. Emma Deufex, who was shot yesterday by Charles Rigdon shortly before he killed himself in John C. Fetzer's office, was hovering between life and death early today. Hospital physicians said she had practically no chance to live.

Miss May Wilson, who accompanied Mrs. Deufex to the office, is still being held by the police. It is thought she could shed considerable light on the events leading up to the tragedy if she cared to do so. She has maintained a calm attitude and has remained self-composed under the severe questioning by the police. She has hinted, however, that she knows things about Mrs. Deufex and Rigdon that she does not care to tell.

After hearing two witnesses the inquest over the body of Rigdon was postponed until July 28 and the police have accomplished nothing in getting after the motives and events leading to the tragedy. Mrs. Deufex hovers between life and death at a local hospital and as her mind is apparently blank she has been unable to shed any light on the mystery.

The witnesses examined at the inquest were Jay Rigdon, the son of the dead man, and Miss Mary Wilson, who accompanied Mrs. Deufex to Fetzer's office and was present at the shooting.

Miss Wilson refused to divulge the identity of her parents or the place of her residence at the inquest. So far she has baffled all attempts to find out what she knows about the shooting and suicide.

MRS. HARTJE GIVEN ABSOLUTE DECREE OF DIVORCE

Malodorous Pittsburg Case is Finally Brought to an End.

Pittsburg, July 16.—A decree of absolute divorce to Mary Scott Hartje from her husband, Augustus Hartje, the millionaire paper manufacturer of Pittsburg, was granted by Judge Frazer in common pleas court today.

The court found that the charge in Mrs. Hartje's libel of wilful and malicious desertion is sustained and specifies in the decree that either party may marry again.

The Hartjes' quarrel has been before the public for nearly five years, having been begun by the husband's charges of infidelity, naming a coachman as co-respondent. The latter was convicted of perjury in connection with the trial in which Mrs. Hartje won. She filed counter charges of desertion which have been pending up to this time.

It has been reported recently that the couple have reached an agreement as to money whereby the divorced wife will receive $6,000 a year.

"Scotty" Hartje, the sixteen-year-old son of the couple, has been with his father for several weeks. Mary Louise, aged ten years, has been with her mother. It is presumed that this arrangement as to custody of the children will remain in effect.

BIG PIER FIRE IN NEW YORK.

New York, July 16.—Fire which for a time threatened to rival in destructiveness the big Hoboken pier conflagration of several years ago on the Hudson river front of Manhattan, this afternoon completely destroyed pier 14, the main pier of the Metropolitan Steamship company, badly damaging the steamer Henry F. Dimock, of that line, and partially destroying more than half a dozen lighters and small craft moored nearby. The loss is estimated at $600,000.

NEGRO'S VICTIM IS TOO WEAK FOR HEARING

Sam Lyon is Probably Disabled for Life— City Court.

When Leroy Nelson's case was called in the city court today the condition of Sam Lyons, whom he is charged with having cut in a street fight several months ago, was such that he could not take the witness stand and the case was continued until July 30.

Lyons aside from being very weak, was faint, and it was feared that if he were put on the stand the ordeal of a long examination might be bad for him and a continuance was granted. The severance of several muscles in one of his legs by a razor in the hands of the negro will probably disable him for life.

The Other Cases.

Three negroes giving the names of Morris Johnson, Roy Freeman and Frank Johnson, were held for a week and their pictures will be taken and sent to Cleveland, where four negroes are said to have held up and robbed a railroad construction camp, killing one man and injuring three. Frank Johnson had a small revolver and was charged with carrying concealed weapons and the other two with vagrancy.

Barnhart Anderson was fined $5 and costs for drunkenness and James Brown was let go on his promise to get right out of the city.

RAILWAY CONGRESS OF NATIONS IN BERNE

Americans Listened to in Relation to Rates With Interest.

Berne, Switzerland, July 16.—The international railway congress, after adopting the constitution of the several sections as represented in the general body, adjourned today to reassemble at Berlin in 1911. Franklin K. Lane, a member of the American interstate commerce commission, and W. E. Allen, the general secretary of the American Railway association, were elected members of the permanent international commission. George W. Stevens, of the Chesapeake and Ohio Railway company, and a member of the same committee, was re-elected.

At the final plenary session there was a lively fight over the attempt of M. Timanoff, a Russian delegate, to effect a change in the system of railroad statistics, a matter in which the Americans were especially interested. A compromise was finally engineered by Fairfax Harrison, vice president of the Southern railway, which proved thoroughly satisfactory to the American delegates.

The opinion of the Americans attracted much attention throughout the meetings of the congress, which adopted the recommendations of W. G. Besler, vice president and general manager of the Central railroad of New Jersey, regarding demurrage; those of Thos. M. Culp, vice president of the Southern railway concerning perishable freights, and those of H. A. Jaggard, superintendent of the Pennsylvania railroad, and D. F. Crawford, superintendent of motive power of the Pennsylvania lines west of Pittsburg, as to large stations and the use of steel in the construction of locomotives and rolling stock.

The session was the eighth in the history of the congress and was attended by 1,500 representatives of government and private railways in nearly all of the civilized countries. The United States was represented by sixty railroad experts.

NOTES OF THE DAY.

Dr. Helen Putnam, of Chicago, says at least 400,000 children less than five years old in this country die every year, and a quarter million infants less than two years old. She asserts Americans are more wasteful of human lives than anything else in the country, though they do not mean to be.

Great Britain has three newspapers and two magazines devoted to the interests of woman suffrage. Holland, Denmark, Norway, Germany, Austria, Russia, Finland, Iceland, France, Switzerland, Bulgaria, Hungary and Poland have one paper each, while Belgium and Turkey have each one woman's magazine which advocates giving women the ballot.

The beauty and hardness of amber have long caused it to be esteemed by smokers. In Turkey as much as $1,500 is often given for a single mouthpiece. Its value differs according to its tint and opacity. The most valuable is the opaque lemon colored. The rarest piece is a cube of amber belonging to the shah of Persia. It is supposed by the devout Moslems to have fallen from heaven in Mohammed's time.

NEGRO CRAZED WITH COCAINE RUNS AMUCK

Slays Three in Church and One Other and Kills Self at Tampa.

Tampa, Fla., July 16.—Will Ellison, a negro crazed with cocaine, last night shot and killed his mother-in-law, Celia Bryant; Rev. Jesse W. Avery, of the First African Methodist church; Henry Clark, negro organist at the church, and seriously injured his wife, Eva Ellison, and his sister-in-law, Mary Bryant; fatally wounded Policeman Hayman and then committed suicide.

Ellison's outbreak began at the African Methodist church, where services were in progress. He entered the church armed with a shot gun. He shouted that he was preparing to send all sinners to their reward and fired at Rev. Avery, a load of shot entering his breast, causing instant death.

Clark was sitting at the organ at the time and he also was shot and killed.

After firing another shot Ellison hurried from the church and went to the home of his wife's mother, where he shot her head off with buck shot. When his wife and sister-in-law hurried to the front of the house he fired on them, the sister-in-law being fatally injured.

Ellison had evidently planned his crime and made ready for his escape, as he had a horse near his mother-in-law's house. He encountered Officer Hayman and opened fire on him.

The first shot took effect in the officer's left breast, just above the heart, knocking him from his horse. Hayman returned the fire and the negro darted down a dark alley. The place where he was supposed to be in hiding was surrounded by officers and the negro was found just inside a yard, unconscious. He was hurried to the police station to escape the rapidly gathering mob. On arriving at the station it was found that he was dead. Ellison had drunk most of the contents of the whisky bottle into which he had poured a quantity of strichnine. Following the shooting in the church the wildest confusion reigned. Several of the congregation fainted and in the stampede which followed several others were injured.

No motive is assigned for the negro's act.

HERMAN MILLER TO BE TRIED IN AUGUST

Judge Brattan Fixes Twenty-Second as the Date —The Courts.

In a letter today Judge Emmett A. Bratton, of the DeKalb circuit court notified Prosecutor Albert E. Thomas that the second trial of Herman Miller will begin at Auburn on August 22.

Mr. Thomas wrote the judge some time ago saying that he would like to get some idea of the time the case can be taken up so that he could make his preparations and the letter of today is in reply. All of the records have been transferred to Auburn and a special venire from which to select the jury will be issued.

Herbst Ordered to Pay.

Many husbands have been called before local courts on contempt proceedings lately but none of them has had as narrow an escape from going to jail as Aaron Herbst. He was ordered to pay an attorney fee in his wife's divorce suit and he failed to do it. Yesterday he was cited to appear today and show why.

He filed a showing that he had not been able to raise the money as his expenses ate up his salary but Judge R. K. Erwin, special judge, would not have it and he ordered the man held until he settled. Later he told him he could go but that he must pay up during the day or he would be held in contempt.

Warren Seitz, 30 years of age, residing at Barr and Seventh streets, received a slight knife wound above the heart Friday evening as the result of a clash with William Burke, nightwatchman at Lawton park. The injury is not serious. Burke says he found Seitz and his brother in a vacant house in the park and ordered them to leave, using his knife in self-defense when the men attacked him. Seitz declares he did not strike the watchman until after the latter had used the knife. The police made an investigation, but no charges have been preferred in the case.

MAY HIT THE BUCKET SHOPS FOR WHAT ROPKE LOST

Louisville Trust Company Has Recovered Part of Loot.

Louisville, Ky., July 16.—President Barr, of the Fidelity Trust company has promised a statement on the course the company will take to recover a portion of the money lost through the alleged stealings of August Ropke, assistant secretary. The company is said to have recovered already over $100,000 in real estate and stocks possessed by Ropke.

There is a possibility, it is said, that the Fidelity company will try to recover from the operators of the "bucket shops" wherein Ropke is said to have lost hundreds of thousands of dollars during the past few years. Attorneys say that the company can secure a judgment against every bucket shop to whom their former official lost money by gambling on futures.

Directors of the Fidelity deny that President Barr will be asked for his resignation.

RICHER ARRAIGNED; SAYS NOT GUILTY

[Continued From Page One.]

undressed and sent to bed and finally called so that some of the oil and turpentine could be administered. He begged not to have the stuff rubbed on his wounds and was thrown to the floor by Richer. He was administering a beating when the boy gasped and his little soul fluttered out from beyond the pale of worldly suffering.

He was taken out into the air in the hope that he would revive but life was extinct and then the body was placed in bed and the doctor called.

Neighbors Were Quiet.

There was no demonstration among the neighbors during the examination of Richer and his wife and although they fully believed that a most foul crime had been committed they stood by and waited for the outcome. Richer was brought to the county jail Friday night by the sheriff.

The accused is thirty-four years old and well-to-do. When asked why he inflicted the injuries upon the orphan lad he said that the little fellow would not do what was required of him and this aggravated Richer until he flew into a rage and that the wounds resulted from his methods of punishing him.

Mrs. Richer was questioned closely about wounds upon her person but stoutly maintained that they resulted from accidents and that her husband had not been cruel to her. She was formerly Miss Judith Stiner, of Adams county, and was married in February of last year. Richer owned 120 acres of land in Cedar Creek township, has it well stocked with good buildings upon it but he is money mad and this in a great measure accounts for the fact that he had the boy sent to him from the orphanage because it was an inexpensive method of having his farm work done.

Funeral This Afternoon.

While Richer was being arraigned in the magistrate's court this afternoon in Fort Wayne, the body of the little fellow whose death is charged to his cruel treatment was being borne to the grave in a simple and inexpensive white casket. The funeral took place from the undertaking establishment at Grabill.

Surrounding the little coffin were scores of farmers from the neighborhood, a great many of whom had tried to extend to the little fellow their friendship in his life but he was so mortally afraid of Richer that he hardly dared speak to an acquaintance. Knots were gathered about the place and they talked of the sensational developments of Friday and spoke in whispers as they seemed to fear that Richer might gain his freedom and avenge himself upon them.

Many Stories Are Told.

Hundreds of stories are told of cruelties to the child and while many of them are outgrowth of enmity toward Richer it is apparent that the life of the orphan boy was one of continual hardship. Flesh missing in great patches from his body, his torn little hands and his pinched face all told their mute story of cruelty.

Neighbors were not inclined to talk and most of them declined on the ground that they did not want to get mixed up in the affair and many through fear of being taken into court, which the Amish people are very careful to avoid. The lad's treatment has been a fruitful source of gossip for months and many of the more venturesome neighbors have made little investigations upon their own account.

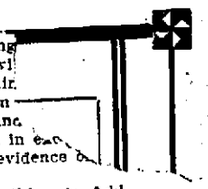
They have heard the boy crying for an hour at a time late in the evening and have gone to the house upon the pretext of paying friendly visit to see what was the matter with the child. Few of them ever got to see him as it was either said he was asleep or out on the farm engaged in work. Nobody in the neighborhood wants to talk for publication as they are a conservative people and fear that they will invite trouble by telling what they know.

Home is Neat.

The home of the Richer's is a model of neatness. The house is scrupulously clean and today the young wife said she could add nothing to the story that had already been told. She is a woman of rather pleasing appearance but slow of speech and was evidently afraid to talk when she was questioned about the history of the orphan lad for whose death her husband is being held.

She had made no preparation to visit her husband nor had she taken any steps to arrange for her own future. She did not know whether or not she would be allowed to visit him at the jail and she will do nothing toward his defense until she has had an opportunity to consult with the members of her own family.

Richer was not popular with his neighbors. He has always been regarded as honest but his love for money and has gone to o... him from making as much to do w... were made again... cause. His farm... fully tended and... fences are kept in e... there is every evidence o... the place.



Had Nothing to Add.

Mrs. Richer had nothing to add to the story already told. She said she had told the truth so far as she knew in the matter and that there was nothing to add to it.
